Plano Concrete Foundation Repair Contractor Receives Rave Review

April 26, 2018

April 26, 2018 - PRESSADVANTAGE -

Plano Texas Foundation Pros is proud to announce that they have received a new rave review from a happy customer. The review was received at the beginning of 2018 and relates to concrete foundation repair work that was completed on a residential property in Plano, TX. The review can be accessed at the company's Google Maps page at <https://goo.gl/XDBkFu>.

In the review, Brian Deaton, a Plano Texas homeowner, says: "I searched Google for foundation repair companies, found Plano Texas Foundation Pros, and called to get an estimate. The quote was fair so I hired them to install three piers on a Saturday. The crew was very professional. Very good work and the experience was pleasant."

The review highlights a number of the key things that the company stands for. These include providing all customers with a free, no obligation quotation and ensuring that their prices are highly competitive. The company always completes work on time and within budget and prides itself on the professional attitude of their staff and overall quality of work.

Plano Texas Foundation Pros offers a variety of foundation repair solutions for homeowners. These include concrete foundation repair, as Brian has experienced. They also offer concrete piling repairs, steel and rebar repairs and fitting, crawl space repair, and more. They have clear details available about the costs involved in having these types of repairs completed so no customer is ever left with a nasty surprise at the end of the work.

Additionally, Plano Texas Foundation Pros believes in empowering the community with knowledge so they have a greater understanding of the importance of having solid foundations, what affects foundations, and the different repair methods. To enhance this knowledge and awareness, they have created a full presentation showcasing these details and the work that they do. The presentation is available through <https://goo.gl/mwTovQ>.

The company's website provides further details on the work that they have completed. It also highlights a number of other reviews left by happy customers. The website also includes contact details for those who are in need of more information or who require foundation repair professionals to resolve their property's problems.
