Law Firm Announces Opening of New Office in Fort Collins

January 28, 2022

Aurora, Colorado - January 28, 2022 -
Franklin D. Azar & Associates, P.C., a law firm with offices throughout Colorado, is happy to announce the opening of their new office in Fort Collins, Colorado. The firm has offices in Aurora, Colorado Springs, Denver, Pueblo, and Thornton. Franklin D. Azar, the firm's founder, has been widely recognized as one of the leading plaintiff's lawyers in Colorado. He is most known for his representation of personal injury victims but he is also actively involved in cases across the US regarding wage and hour violations, product liability, insurance bad faith, and several mass torts regarding pharmaceutical drugs and medical devices.

A spokesperson for Franklin D. Azar & Associates says, ?We expect to be able to serve more people with the opening of our new office in Fort Collins. If you or a loved one were injured in a car accident, the dedicated team of personal injury attorneys at FDAzar are available 24/7 to help. Your legal rights after an accident may entitle you to compensation for expenses, losses and injuries. Car collisions occur for many reasons, but some of the common causes include: distracted driving, weather conditions, driving under the influence, driving at unsafe speeds, failure to observe traffic laws, and reckless behavior.?

Aside from car accident cases, the firm also handles cases involving motorcycle accidents, big truck accidents, rideshare accidents, and pedestrian and non-licensed vehicle accidents. They can also help with unpaid auto insurance claims. Some of the toughest cases are traffic accidents involving a motor vehicle and a person using another mode of transport, such as a pedestrian, someone riding an electric scooter, or a skateboarder. Victims of such accidents need the services of a lawyer who is experienced and knowledgeable about issues like right of way, comparative fault, liability, adequate equipment, road conditions, liability waivers, and other factors. Cases involving rideshare accidents are also quite complicated and require the assistance of an experienced attorney.

Another major practice area for Franklin D. Azar & Associates has to do with workers compensation claims for those who have been injured while on the job. Legal representation may not be needed when the

injury was minor, involved only a little lost work time, or the employer had readily agreed that the illness or injury was work-related. However, if the injuries are severe and the circumstances are disputed or complicated, a knowledgeable and experienced workers comp lawyer is vital for the injured worker.

Franklin D. Azar & Associates can also help people who have product liability claims. One example involves Zantac, which had contamination issues after testing showed the presence of N-nitrosodimethylamine, a suspected human carcinogen. Another product that has been involved in lawsuits is the hernia mesh, which is used to correct hernia. Common complications involving the hernia mesh are infection, adhesion, pain at the implant site, and bowel perforation or obstruction. The firm has also been involved with product liability claims against talcum powder, which has also been implicated in ovarian cancer for women who used it in the genital area.

Founded in 1987 by Franklin D. Azar, Franklin D. Azar & Associates, P.C. has focused right from the very start on helping clients who have suffered personal injuries. Hence, the practice is focused on helping those injured in accidents. In addition, they are also representing people in various class action lawsuits, ranging from those who have been victims of dangerous and defective products, to drug related and pharmaceutical injuries, to workers who were not given full payment for the work they rendered for their employers. The firm has already represented thousands of people entitled to compensation for injuries in various types of accidents.

Those who are interested in learning more about the new office of Franklin D Azar & Associates, P.C. in Fort Collins can check out the Franklin D. Azar & Associates, P.C. website, or contact them on the telephone or through email. They can be contacted 24 hours a day, every day of the week.
