Pensacola, Fla. - As 2021 draws to a close, it?s time to look towards the new year and focus on new ways to increase overall team productivity. Ensuring that employees feel seen and appreciated is vital to a healthy and successful work environment, which is why Award Masters Inc., a provider of corporate gifts in Pensacola, FL, is urging business owners to implement an employee recognition program in 2022.

Employees who feel appreciated for their accomplishments and positive demeanor will ultimately perform better at work. Plus, a happy employee is a dedicated employee which reduces overall company turnover and increases productivity. For businesses searching for the perfect awards to recognize their staff, there a multitude of options such as ?Employee of the Year" plaques, ?Top Seller? trophies, ?Above and Beyond" statues, ?Always on Time" personalized clocks, and much more.

Each business is unique, and it is important to take the time and determine what type of awards will best acknowledge the top performers and best attitudes present in a particular team. It?s also important to note

that an employee recognition program does not have to stick to a quarterly or yearly schedule. This means that an employer could utilize one award multiple times. For example, an ?Employee of the Month? trophy could be made and then given to a new recipient each month along with an external reward such as a gift card or extra vacation hours.

Award Masters Inc. has been a part of the Pensacola community for over 25 years providing quality service and a variety of products including plaques, trophies,?corporate and personalized gifts,?and many other promotional products. The company is locally owned and operated with a commitment to quality workmanship, and guaranteed satisfaction.
