San Diego, CA - A San Diego personal injury attorney recently explained why some insurance company settlement offers are low. Mr. Geruntino explains that many people are shocked that they get a low-ball offer from an insurance company. He hopes that explaining that insurance companies are businesses looking to make money as well as offering tips for getting better settlements will help his potential clients.

The recent post explains that there are certain actions, like speaking with an adjuster rather than one's attorney, that could result in a lower settlement. Mr. Geruntino goes on to offer additional advice to his readers including explaining actions to take immediately after an accident.

Brett Geruntino claims he regularly uses his blog at www.acclaimlaw.com to cover topics, such as dealing with insurance companies, that he feels are important to prospective clients and the public in general and hopes that by informing the public he will eventually have clients who are more aware of what they need and what to expect when they come to Acclaim Law Group.
