May 22, 2018 - PRESSADVANTAGE -

Baby Stopper is proud to announce its grand opening in Las Vegas, NV. As part of their opening, they have also launched their organic baby crib sheets, which is the company's flagship product. The company is a family-owned small business that aims to offer organic and natural products for babies and toddlers.

Sahan Asad from Baby Stopper says: "We ensure that each product we manufacture has been treated with the greatest love and care, with designs that are clean, charming, and calming. We want to make sure that all babies and toddlers have a special place in which they feel safe and comfortable."

The company's first product, the baby crib sheets, are fully aligned to their mission, which is to ensure that all babies are provided with the highest quality, organic, breathable, super soft products. In so doing, babies are assured to get the peaceful sleep that they need. Sahan Asad continues: "When your baby sleeps peacefully, you as a parent, will have peace of mind. This is why we only use 100% Certified Organic Cotton which is the most delicate and pleasant-to-touch fabric. Organic Cotton is best for your baby's health, being chemical free and sustainability friendly."

With their baby crib sheets, Baby Stopper shows just how committed they are to ensuring that all babies and toddlers have access to safe, high quality products. Once they release more items, they will also be made from chemical free, organic, natural materials to ensure the safety and comfort of every baby.

As part of the company's launch, there are also in the process of building an online community of parents. Hence, their Facebook page will soon go live, through which further information about the baby crib sheets and any future products will also be available. People are encouraged to like the Facebook page so that they will always be informed when something new is available on the company's social media page. Sahan Asad says: "We want to be completely open and transparent with all our clients. Do contact us through Facebook if you have any questions or comments. And we would love to see our crib sheets in action, so feel free to share pictures as well."
