Sandis Moonwalks has built a reputation for providing high quality, clean bounce houses that provide hours of fun for all ages. They also have an incredibly large inventory of themed bounce houses to choose from, including Baby Shark, Unicorn, Avengers, Fortnite, Minions and more. Whatever a child?s taste may be, the company is certain they have an option that works. Furthermore, these attractive bounce houses do much more than please the eye ? they are designed to make a bounce house party as enjoyable as possible.

The company encourages their community to take a deeper look at the available options as many of them are combo bounce houses that also include a slide. These rentals are called moonwalk combos, and they have proved to be popular with all of their customers? guests at numerous events. Sandi?s Moonwalks is proud of their ability to bring joy to every party, and they often share news about recent events and offers via their social media spaces. Nova N. says in a Google review, ?This is the second year in a row we?ve used Sandi?s Moonwalks, and they do not disappoint! We celebrated our son?s 9th and now 10th birthday with the Wild Rapids inflatable water slide, and it was amazing! It has two lanes with separation in between, and a pool to land in at the bottom! The kids had so much fun and it was worth it to see their faces! Communication with them is great! They text you, email you, and the process is super easy. They even came the day before to set up so we had a day with the slide all to ourselves. Definitely recommend!?

As this review indicates, many customers tend to come back time and time again because they are assured

of a consistently great service. On top of that, the company?s commitment to addressing all logistics challenges behind the scenes ensures that customers never have to deal with any extra stress simply because they want to rent an inflatable. Sandi?s Moonwalks takes care of every detail, from preparing the rental to delivering at the appropriate location and setting up. Most importantly, perhaps, this also means they are never late to an event, so a party is free to kick off on time, every time. Customers have also pointed out that the company sometimes delivers rentals a little early (with the customer?s permission), so their children and other guests got to spend even more time enjoying themselves.

Tracy S. says in their review, which also awards the company a top rating, ?I rented a water slide for my grandson's birthday and my whole experience with Sandi's was great. They came a day early, set everything up and made sure it all worked like it should. We had an awesome party and the best part for the kids and later for the adults was the water slide. They came the day after the party (at no extra cost) to pick up. Her staff, from the phone people to the delivery and set up guys were awesome as well! It was a great experience, and I would absolutely recommend Sandi's for your rental needs.? More reviews can be found here: https://www.google.com/maps?cid=603539597008180381.

Sandi?s Moonwalks provides much more than bounce houses. Their inventory includes a range of movie night rentals, inflatable water slides (as can be seen in the customer reviews), obstacle courses and more. The company offers a hassle-free rental facility via their official website where customers may place an order online, but customers are also welcome to contact Sandi?s Moonwalks via phone or email if they prefer.
