Las Vegas Moving Helpers Company Explains Why Moving Costs Have Been Rising

April 04, 2022

Las Vegas, Nevada - April 04, 2022 -
87 Movers Las Vegas, a moving company in Las Vegas, NV, has noted that moving costs have been rising and explained the reason for this. One reason for this is the unusually large number of people on the move. And the situation was made worse for the moving industry due to the labor shortage, not just among the workers but also with the drivers. The lack of drivers is quite a challenge because the drivers required are those with commercial driver?s license and can drive an eighteen-wheeler. Other factors contributing to rise in moving costs include the rising price of gasoline and shutdowns caused by the pandemic, which has impacted the supply chain and prices for moving items, including boxes and other related materials.

Kathy Yee, owner of 87 Movers Las Vegas, says, ?Moving costs are rising due to factors beyond our control but one thing we can assure our customers is that our prices will remain competitive and reasonable. We can do things to reduce our costs and pass on the savings to our customers. For instance, our professional movers are efficient workers and reduce the time it would take to pack means reduction in costs. And, of course, our staff choose the most cost effective materials so we can minimize expenses.?

There are several things that make 87 Movers stand out among the competition in Las Vegas and neighboring areas. These include the: competitive pricing and no hidden charges; free disassembly and reassembly of furniture items; presence of moving consultants who are knowledgeable about the moving process; long time partnerships; strong customer base; the fact that the movers are experienced, professional, well mannered and are attentive to the client?s belongings; provision of onsite estimates; the fact that delivery service will be completed on the same day or the next day, depending on the client?s specific situation; and proactive customer service representatives.

The high quality of the Las Vegas moving help provided by 87 Movers Las Vegas, has been proven by the huge number of highly positive reviews they have been receiving. After almost 150 reviews on Google, they have achieved an overall rating of 4.9 out of 5 stars. In one of their most recent reviews, S. Baker gave them

a five-star rating and said, ?This was a last minute move request and 87 Movers showed up in the most timely, professional manner. We received thorough updates regarding their ETA, which was appreciated They handled our belongings with great care and respect and used all pleasantries when responding to our tedious situational requests. Their prices were beyond fair for the work that was provided. Thank you 87 for the amazing quality, professionalism, and care. We will definitely use their services should there be another move and will always highly recommend them.?

Founded in 2018, 87 Movers Las Vegas is a female-owned moving company with Kathy Yee as owner. Kathy and her family own and operate the business and they have years of experience in moving, with their team of movers having mastered the methods for loading items on trucks efficiently and safely, which implies less time spend on packing up and having peace of mind that valuables don?t get damaged. They provide full service moves to all areas in Nevada and also long distance moves throughout the United States. All of their movers undergo professional training online, on the job, and in-person to ensure that the move provided will go off without a problem. And it is important to note that the movers from 87 Movers look like a sports team. The crew members are attired in gray sweatshirts or T-shirts with the number 87 and Movers on the top, while the crew leaders are attired in blue polos.
