Chandler Back Pain Treatment Provider Garners More Than 300 Five Star Reviews

September 17, 2018

September 17, 2018 - PRESSADVANTAGE -

Great Choice Chiropractic, based in Chandler, AZ, has announced with pride that the chiropractic clinic has now accumulated a total of 339 five star reviews. The clinic offers various chiropractic services, such as back, neck and headache pain treatment; pediatric chiropractic services; and specialty techniques.

Dr. Greg Hauser, the chiropractor at Great Choice Chiropractic, says: "We have earned a reputation of using groundbreaking therapeutic techniques, as well as physical and massage therapy, to help patients that struggle with acute pain caused by injuries and accidents. I combine advanced technology and innovative health care in order to eliminate serious pain."

One example of a five star review is by Linda A. She says, "I've been getting adjustments from Dr. Greg since 2010, while staying here in AZ for short visits to our 2nd home. I visited his office with my daughter and was impressed with him, his staff and his work. Since then, we have retired and now make Arizona our home. I continue to receive adjustments from Dr. Greg because I've benefitted greatly from his chiropractic care. His staff is always very friendly and helpful. I highly recommend."

Ferriah D., who also gave the chiropractic five stars, says, "Dr. Greg was highly recommended to me and I'm very pleased with every interaction I've had so far at Great Choice Chiropractic; from my friendly, informative first phone call to my first visit. Teya was welcoming and outgoing & answered all of my questions with ease. Shele was very sweet and I really appreciate how in-depth, yet completely understandable she was in explaining everything to me. Dr. Greg is very knowledgeable & it's evident & clear that he truly cares about finding a solution for my specific concerns. Their process is seamless, the concern for helping their clients is clear & everyone makes you feel like family, what more can you ask for? I'm certainly looking forward to my next visit."

Dr. Hauser, the Chandler back pain specialist, is well aware of the implications of having chronic back pain. He points out that more than 80 percent of Americans experience some kind of back pain at least once during the course of their lives. At Dr. Hauser's chiropractic clinic, patients may receive any combination of adjustment, exercise, and nutritional treatments for eliminating the pain in muscles, joints and back bones.

Great Choice has also earned a reputation for being capable of providing world class quality chiropractic services to those who are suffering from pain due to an injury. Dr. Hauser offers immediate results by applying various techniques and treatments for patients suffering from any kind of injury, whether on a soccer field or in the workplace.

He explains that accidents, such as stumbles at home, accidents in a construction site, or car accidents can cause damage to the sciatic nerve, which he is able to treat due to his knowledge and experience. What makes him different from other chiropractors is that he uses a gentle technique when compared to the outdated method of cracking and twisting bones, muscles, and joints. He makes use of an adjustment instrument that gently realigns any out of place bones and discs for immediate, pain-free results.

He makes use of the Activator Methods Chiropractic Technique (AMCT), which is a safe and gentle alternative to the usual spine cracking. In AMCT, a very gentle Activator Adjusting Instrument offers high-speed but subtle chiropractic adjustments. It should be noted that this not an easy technique because out of the more than 35,000 doctors who have trained in the use of AMCT, only 2,100 doctors, including Dr. Hauser, have been awarded Proficiency Rated status. Furthermore, he continues to take the required exam each year to maintain his certification.

Dr. Hauser is one of the few board certified injury chiropractors in Chandler, AZ, and he treats patients of all ages. He is also a parent so he understands the anxiety suffered by children and teenagers after a devastating injury. That is why he strives to provide the best pediatric chiropractic services in Chandler.

Dr. Hauser obtained his degree from the Cleveland Chiropractic College. He has board certification as physiotherapist and as chiropractic physician. He also has pediatric certification from the International

Chiropractic Pediatric Association. He is also a certified independent chiropractic examiner by the American Board of Independent Medical Examiners. And finally, he has advanced certification in whiplash injury biomechanics and mild brain traumatology.

Those who need more information about the chiropractic treatment for neck, head or back pain or want to schedule a consultation can visit the clinic's website at <https://greatchoicechiro.com/>.
