North Edmonton Kia, an auto dealer in Edmonton, Alberta, Canada, is happy to announce that those who are planning to purchase the 2023 Kia Sportage SUV can rely on them to make the purchase easy and convenient. This is the fifth-generation model for one of Kia?s most popular SUV models. It is sportier, more innovative, more dynamic, and more connected than ever before. It was built on the N3 platform and is longer and wider, and offers more cargo space, while offering a more dynamic drive. And for the first time with Kia Sportage in Canada, it will have the HEV and PHEV powertrain alternatives. It is also provided with the latest in safety technology, including the latest Advanced Safety Driver Assistance system and the Blind View Monitoring system that were available on the Sorento and Telluride. And it has an integrated infotainment system to optimize comfort and convenience.

The 2023 Kia Sportage is provided with standard 17-inch alloy wheels with optional 18-inch and 19-inch alloys. Its voluminous lines and rear spoiler enhance the aerodynamic performance of the vehicle. This is combined with a confident and muscular contour. It also has standard LED taillights and an optional full-LED black bezel rear lamp with a dynamic notch-shaped tail lamp with a 2-strip stop lamp and turn signal.

The exterior of the 2023 Kia Sportage showcases a balance between modernity and spontaneous characteristics that are appropriate for any road. The front fascia is provided with a wide grille spanning the width of the SUV, with the daytime running lamp (DRL) integrated directly into the grille housing, which maintains the vehicle?s signature ?Tiger Nose? grille. Its unique DRLs with a boomerang shape are combined with the rhombus-shaped headlamp to offer the new futuristic image of the Kia Sportage SUV.

The 2023 Kia Sportage SUV offers a broad range of amenities. These include: the integrated infotainment and air conditioning control keys to provide better intuitiveness and luxury for the cockpit design; personalized profile and system setup, such as Bluetooth connection; the 12.3-inch colour LCD with Integrated Navigation with user-friendly interface and near-cinematic display; a range of advanced connected vehicle features; and Surround View Monitor that has four cameras to allow for a 360-degree perspective all around the SUV.

The 2023 Kia Sportage has Advanced Driver-Assistance Systems such as the: Standard Driver Attention Warning; Standard Lane Following Assist; Standard Forward Collision Avoidance with available Junction Turning capability; Available Blind Spot Collision Avoidance Assist; Blind View Monitor; Standard Rear Occupant Alert; Available Parking Collision Avoidance Assist; Available Navigation Based Smart Cruise Control-Curve; Available Rear Cross-Traffic Collision Avoidance Assist; Available Safe Exit Assist; Available Parking Distance Warning Forward/Reverse; and Available Highway Driving Assist.

The 2023 Kia Sportage also has connected vehicle features such as: Connected Weather, which offers weather information across North America; Connected Routing, which is a cloud-based route calculation system to compute the optimal route utilising real-time maps and predicted upcoming traffic based on historical data and AI; and advanced notifications, including Engine Idle Notification and Automatic Engine Shut Off , SOS Connect and Roadside Assistance, On-demand Find My Car with Surround View Monitor, and Final Destination Guide.

North Edmonton Kia has a wide range of choices for new Kia vehicles and pre-owned cars. Their expert finance team can help customers in looking for the financing or lease agreement. They can also offer high quality vehicle repairs and maintenance through their expert technicians in their Kia service department.
