SHANCO Heating And Air Awarded Mitsubishi Elite Diamond Status

June 01, 2022

Boise, Idaho - June 01, 2022 -
Boise, Idaho based SHANCO Heating and Air is pleased to announce that they have been awarded the status of Mitsubishi Elite Diamond Contractor. SHANCO Heating and Air has long earned a reputation for providing reliable heating and cooling services to the residents of Boise and the surrounding regions.

Mitsubishi Electric reserves the much sought-after Diamond Elite status for only the top tier of contractors. A Diamond Elite Contractor designation indicates a high level of technical ability coupled with excellent customer service, and by earning this coveted award, SHANCO Heating and Air has become the first Elite Diamond contractor in the area. Learn more here: Mitsubishi Elite Diamond Contractor Boise Idaho.

A Diamond Elite Contractor?s technicians receive in-person training directly in Mitsubishi Certified Training programs. These training programs put the technicians through a rigorous process where they must demonstrate a high level of competency when it comes to installing a heating and cooling system. Specifically, technicians receive instruction in how to install a Mitsubishi System according to factory specifications. When it comes to installations, Diamond Elite Contractors neither compromise nor improvise. Diamond Elite Contractors install systems by the book; specifically the book that comes directly from the manufacturer.

Being a Diamond Elite Contractor also means doing the right job with the right tools. When SHANCO Heating and Air installs a Mitsubishi System, they utilize Mitsubishi-certified software to test and validate the system installation. A Diamond Elite Contractor does not fall back on improvised half measures or idiosyncratic folk wisdom. Diamond Elite Contractors understand that proper installation and maintenance require using tools designed by experts specifically for the job at hand.

On top of this, to obtain and maintain their Elite Diamond status, a contractor must register a minimum number of units per year with Mitsubishi Electric. This ensures that once installed, a unit is registered directly

with the manufacturer, guaranteeing the unit is covered by the manufacturer?s parts warranty. The process of registration also demonstrates the contractor's consistency and a high level of experience as made evident by regular practical application of skills ? which SHANCO has proven time and again.

Brett Shannon, president of SHANCO Heating and Air says, ?We are proud to be able to say that we are a Mitsubishi Diamond Elite Contractor. Every single member of our team takes great pride in the work that we do and have worked very hard to earn this credential. We see it as a badge of honor that shows our status of being the best HVAC contractor in Boise, Idaho.?

He continues, ?The fact that we are an Elite Diamond Contractor speaks volumes to the type of service you can expect from our company. From the time you first call to the final installation, the SHANCO team is prepared to deliver exceptional customer service and ensure complete satisfaction. Diamond Elite designation is reserved for only the minority of contractors who possess a high level of technical competency as well as integrity and excellent customer service, which means that not only will we ensure the job is done well, we will also ensure that you have no complaints about us.? SHANCO Heating and Air serves all of the Treasure Valley, including Nampa, Eagle, Meridian and Caldwell. Learn more here: https://www.youtube.com/watch?v=sBw9trJnpm4.

SHANCO?s high quality of service has also earned them great reviews ? the company is rated 5 out of 5 Stars from over 300 reviews on their Google profile alone. A recent review by Amy Mallard reads, ?We had SHANCO install a mini split in a converted garage space. They did a wonderful job and at a good price. Their follow up after the initial quote and after the work had been done was much appreciated. They even sent a small ?Thank you? gift after completion. Thank you so much for going that extra step and being on time throughout the process.?

Those interested in learning more about the company?s Mitsubishi Diamond Elite status or the range of services they offer should visit the official SHANCO Heating and Air website. Brett Shannon encourages interested parties to get in touch with the company regarding any questions or concerns they may have. The company also maintains a social media presence and can be found on Facebook and YouTube. SHANCO's YouTube channel has a range of videos explaining the services they provide and more.
