

Lashes n' More Shares Tips On How To Prepare For Eyelash Extension Service

October 26, 2022

October 26, 2022 -
Hilton Head, SC - Lashes n' More shares expert advice on preparing for an eyelash service for the first time.

The Hilton Head-based Lashes Near Me expressed that proper preparation is needed, especially for first-time clients. Getting an appointment with a certified esthetician is the first step because it gives the salon time to prepare the necessary supplies. The client can also better prepare for their visit if they have an appointment.

Clients also have to consider some things before their appointment. According to lash experts, clients should avoid coffee hours before the treatment because caffeine makes the lashes flutter. It can be a challenge for the lash extension specialist and can prolong the procedure.

Lashes n' More also recommends avoiding wearing strip lashes when going to the salon. There is no need to wear fake lashes since experts know what is best for every client. They can help clients choose the best lash look for their eye shape. Coming in early for the appointment is also highly recommended to have more time

to prepare before the procedure.

While it can be intimidating at first, Lashes n' More assures their clients that they will be assisting them on every step. The Best Eyelash Extension Salon makes every client a priority. They treat each client special and consider everyone's eye shape, lifestyle, and personal preferences to create unique lash looks.

Moreover, Lashes n' More offers different types of lash extensions. They can do classic eyelash extensions to volume lashes, anything that makes a perfect look. "Our team of lash experts will help you get the perfect set of lashes that will make you feel confident and beautiful," says Irina Rudman, the salon owner.

As the team leader, Rudman's lash extension expertise shines. Experts in Russia and South Korea taught her how to perfect the art of lash extension. Thanks to her time working in these countries, she launched Lashes n' More to offer the most advanced lashing techniques to Hilton Head and Bluffton.

In addition to lash extensions, the Bluffton beauty salon also offers Brow Lamination, Lash and Brow Tint, Lash Extension Removal, and Lash Lift. To know more about each service, clients may visit their website at https://lashesanmore.com.
