

B Clean Windows Offers Services To Those Looking For ?Window Cleaning Service Near Me? In Frisco

December 26, 2018

December 26, 2018 - PRESSADVANTAGE -

B Clean Windows, a business based in Frisco, Texas, has announced to people who say they are looking for ?window cleaners near me? in Frisco and other parts of Collin County. They point out that they are ready to clean windows and even gutters in the Collin County area.

Paul Ashley, owner of Clean Windows, says, ?We?re very happy to announce to homeowners and business owners in Frisco and surrounding areas that we are ready to accept window cleaning and other tasks. We can provide window cleaning, gutter cleaning, and power washing services. Don?t hesitate to call us because we can make your windows look like new. Our business hours are 8:00 am to 6:00 pm, Monday to Saturday.?

Paul Ashley explains the window cleaning process that they follow. First, they wet the window with a mixture of Glass Gleam high grade soap with commercial grade dish soap, that has been specially designed for window cleaning. They will then use a non-abrasive scrub mop and scrubby pads to thoroughly clean each window from end to end and from corner to corner. This process breaks up the hard debris that has accumulate over time on the glass. For dirt and debris that are unusually difficult to remove, a Triumph Razor Blade is used. This blade has been customized for use with residential and commercial windows. Unlike a

painter's scraper, the blade is not ridged and it is flexible and bends to the glass. Using this blade, they clean all debris from corner to corner of each window.

The final step is to re-wet the window and then squeegee the remaining water off the windows and then detail dry around the edges of the window with a towel. They also clean the outside tracks that the screen is sitting on, and they clean the screens as well.

Paul Ashley points with pride to the many positive reviews they have been receiving. For example, Carmen M gave the company a five star rating and said, "Great company to do business with. I refer B Clean to all my clients. Their window cleaning service is by far the best I've used. I can always count on them to come through for me."

Saul A also gave the company five stars and said, "Must say that I am so impressed with B Clean Windows. When they got here they were very informative and offered tips on how to clean my own windows. They made it look so easy but I'm just going to call them when they get dirty again. My windows look amazing! Thanks!"

The company also received five stars from Robert M, who said, "What can I say? Thanks so much. Called B Clean Windows and they came out and cleared all my gutters out and cleaned all the outsides of my windows and screens. Also all the work was done quickly and perfectly with no streaks. Got here on time and done quickly."

B Clean Windows was originally established by Paul's father, Bob Ashley who started the window cleaning service company after retiring as a way to supplement his income. He was a "one man show" but he was able to build his reputation by providing courteous and prompt service. Paul helped his father part-time when the latter's health started to decline. The business had to be shutdown when Bob passed away due to cancer. Paul reclaimed the business shortly after and named it B Clean Windows, with "B" representing his father, Bob Ashley. Since then, the company has been getting positive window cleaning reviews from many happy customers.

Today, B Clean Windows is a family owned and operated business that has been in service for more than 20 years. Nevertheless, they still operate based on the same values. Paul points out that they are committed to providing great value and adding beauty to the home or business. They serve homes and businesses in Plano, Frisco, McKinney, Little Elm, Allen, and Garland, Texas.
