Baltimore Limo Service Announces Its Now Providing Luxury Transportation to Even More Types of Special Events

February 03, 2023

Carroll, Maryland - February 03, 2023 -
Baltimore Black Car is a luxury transportation company that has been serving those in its area of Maryland and the surrounding communities for many years now. The company is highly rated when it comes to providing luxury vehicle transportation for weddings, airport pickups & drop-offs, and classy rides to corporate events. Not to be overlooked though is how well the company serves its clients when it comes to providing limo services for other types of events too. That is keeping in line with Baltimore Black Car?s recent announcement that it will now be providing luxury transportation to even more types of special events than ever before.

Jonathan Wilkin, Baltimore Black Car?s owner, says, ?Sure we cater rides to more traditional luxury ride service-associated events such as weddings, airport transfers, and corporate meetings but we also do much more than that. That includes taking individuals or small groups to concerts, sporting events, and even on wine or brewery tours. As a matter of fact, I cannot think of too many special events that we will not provide a limo ride for as long as anything too unusual is discussed with us ahead of time. All of which are easy to book a reservation here.? He went on to give even more examples of the different types of special events that they

can provide rides to and from. A list that includes private city tours to museums and other interesting Baltimore area sites, safe bachelor and bachelorette party transportation, special rides for date nights and anniversaries, and holiday light tours.

The company owner says that not only do they regularly take clients to a wide variety of special events, but they also have several choices of vehicles for their clients to go to those events in. All of these include plush and comfortable seating, excellent surround sound stereo systems, and a host of other comfort-enhancing amenities. Baltimore Black Car?s fleet includes such pristine vehicles as Cadillac CT6 & Mercedes S550 sedans that are great for transporting 1 or 2 people and Cadillac Escalade & Chevy Suburban?s which are great for getting families and groups of 4 from pickup points to events. Larger size groups can be accommodated by such luxury vehicles as a Mercedes Sprinter Limo that seats up to 12, a 24-passenger minibus, or even a decked-out coach bus that can transport groups of up to 54 persons.

Wilkin added that they are proud of the many 5-star reviews that they receive for their luxury ride services including ?You can find us on Yelp here.?. As an example of the types of reviews that can be found there, Tim V. wrote, I used Baltimore Black Car for transport from Fells Point to BWI. Our driver, Brad, texted a day prior so that we could contact him with any questions or last-minute issues. Brad was prompt, assisted with luggage, and provided a very comfortable and safe ride to the airport. The vehicle was extremely clean and comfortable. I will definitely be using this company again for all my future travels in Baltimore.? Other places where positive reviews can be found on Baltimore Black Car?s services include its Google Maps Business Listing. A 5-star review that was left there by Jill Bavis proclaimed, ?Excellent service, clean, efficient, and timely! I use Baltimore Black Car weekly when traveling to Baltimore!?

Even a recent Facebook review speaks glowingly of the company?s limo services. Tzeech Cat stated, ?I wish I could give Baltimore Black Car more stars! They were so patient with me getting details together for our event. Beautiful car, professional service, they were also on time. Now that we?ve discovered this dependable and affordable service Sentient Lighting will be using their services for all our events! Thanks, Team! Wilkin also reminded ?Be sure to check us on Facebook! There we have even more information on the luxury vehicles we have available for hire and the many different types of special events we provide ride services for.?

He invites those that are interested in learning more about the luxury ride services they offer in the Baltimore area for both traditional and special events to contact them by phone, email, or refer to their website.
