

Azran Financial Now Offers Blockchain Accounting In San Francisco

January 29, 2019

January 29, 2019 - PRESSADVANTAGE -

San Francisco, CA based Azran Financial is pleased to announce that they have expanded their range of services to include blockchain accounting resources in San Francisco.

Azran Financial blockchain accounting services include a full-service accounting, audit, tax, due diligence, and a variety of consulting services to blockchain companies, cryptocurrency exchanges, and issuers of cryptocurrencies and crypto tokens. Our San Francisco office provides services to domestic and international clients looking for a Certified Public Accountant (CPA) in the greater San Francisco and Silicon Valley areas," stated Joshua Azran, of Azran Financial. The company, which boasts an A+ rating from the Better Business Bureau, also has offices in Los Angeles and Encino.

Through its website, any person or business looking to get started in blockchain can request a free consultation, benefitting from the advice of the first blockchain CPA firm. The San Francisco office represents clients throughout San Francisco County, Silicon Valley, and other parts of Northern California, including San Jose, Palo Alto, Santa Clara, Mountain View, Sunnyvale, and beyond.

Azran Financial has always focused on startups and has been providing blockchain accounting, tax, and consulting services to domestic and international blockchain companies and exchanges since 2011. Their extensive blockchain experience in digital assets and digital currency has allowed them to develop best practices around blockchain accounting, cryptocurrency tax, and financial and non-financial performance reporting.

Joshua Azran is a Certified Public Accountant with extensive experience, ensuring clients' financial success by providing strategic guidance and management of financial functions. He was one of the 26 young CPAs who received the Forensic and Valuation Services (FVS) Standing Ovation, for significant contributions in their accounting specialty areas and in their communities, from the American Institute of CPAs (AICPA).

Azran Financial has a strong focus on Blockchain and Cryptocurrency tax and accounting, from their position as the first Blockchain CPA firm. Their Blockchain Expert CPA's can offer deep subject matter expertise to companies working with SAFTs (Simple Agreement for Future Tokens), ICOs (Initial Coin Offerings), STOs (Security Token Offerings), and other blockchain token sales.

Azran Financial's Blockchain experts have the advantage of collective experience dating back nearly a decade. Their work with leading startups early on provided great exposure to the new and exciting cryptocurrency arena. This exposure came with significant dedication and thought leadership in the areas of blockchain and cryptocurrency accounting, and tax.

As a visionary leader, Joshua Azran's expertise in public accounting, corporate finance, strategic management, financial restructuring, business valuation, management consulting, and business development has helped thousands of clients. Accordingly, Azran Financial is skilled at identifying value-added opportunities, implementing solutions, and partnering with professionals at every level of an organization to ensure the success of financial initiatives.

"At Azran Financial, our Blockchain Expert CPA team uses a consultative client approach to bring integrated solutions to even the most complex issues, helping us build our strong reputation for 'going the extra mile.' Our aim is to achieve 100% client satisfaction through the creation of high-trust, high-impact relationships with our clients," stated Azran.

Those looking for comprehensive blockchain accounting in San Francisco may consult with Azran Financial. They offer a variety of relevant services, including 409A Valuation, 83(b) Elections, Advisory with design and structuring of smart contracts. Analysis of issuance in exchange for cryptocurrencies or fiat (recognized as revenue, liability or equity for tax and GAAP purposes), Audit & Accounting, including Agreed Upon Procedures (AUP), Audit Preparation, Best Practices Consulting, Blockchain Audit Preparation, Blockchain Internal Controls Consulting, Business Management (Billpay, Bookkeeping, Cash Management), Business
