Albuquerque Tree Experts Selects Scholarship Students to Pursue Degrees in Forestry and Related Fields

March 01, 2023

March 01, 2023 -
Albuquerque, NM ? Albuquerque Tree Experts, a leading tree care and maintenance provider based in Albuquerque, is proud to announce the selection of two students for their 2023 scholarship program. The selected students will receive financial assistance to pursue degrees in forestry and related fields at accredited universities in the United States.

While making the announcement, the CEO, Brylee Dianna, noted that the Albuquerque Tree Experts' 2023 Scholarship Program for college-bound high school seniors in Albuquerque and the surrounding areas has closed. The application window opened on December 15th last year, with 75 applications received.

After a thorough review process, two deserving students were selected by Albuquerque Tree Experts' selection committee. The chosen recipients of the 2023 scholarship are Samantha Lloyd and Isaac Miller.

Both will receive full financial support for their studies in forestry and related fields at accredited universities within the United States. This includes tuition, books, room and board, and up to $5,000 per year for incidentals such as travel expenses or supplies needed for coursework.

The scholarships are renewable on an annual basis until the completion of their studies. Additionally, both students will have the opportunity to gain valuable experience by completing summer internships with Albuquerque Tree Experts throughout their studies.

In line with its commitment to fostering successful future leaders in tree care and maintenance, Albuquerque Tree Experts aims to provide young people with valuable educational opportunities that give them an edge as they pursue careers in these fields. Therefore, the company takes pride in selecting two outstanding individuals committed to excellence and dedicated to community service.

"At Albuquerque Tree Experts, we believe that education is crucial for the growth and development of our industry," said Brylee Dianna, CEO of Albuquerque Tree Experts. "We are thrilled to be able to support these two deserving students as they pursue their educational goals."

The scholarship program seeks to provide financial support to students who demonstrate a commitment to their studies and a passion for learning about forestry and related fields. This year's recipients are Samantha Lloyd and Isaac Miller, currently attending college in the United States.

Lloyd, a junior at Arizona State University, is majoring in Forestry with a minor in Environmental Science. She has been involved in various research projects on campus and plans to use her degree to help protect forests nationwide.

Miller is a senior at the University of Arizona studying Natural Resources Management and Ecology. He has been heavily involved in volunteer work with local non-profits that preserve Arizona's natural environment. Upon graduation, he plans to pursue a career in forestry.

"These scholarships are an opportunity for us to invest in the future of our industry," said Dianna. "By sponsoring these students, we hope to encourage more young people to pursue careers in forestry and related fields."

The scholarship program is part of Albuquerque Tree Experts' ongoing commitment to giving back to the community. In addition to providing financial assistance to students, the company offers free tree care services to local schools and non-profit organizations throughout the year.
