E Dental Perth Keeps Smiles Bright In Rivervale

April 26, 2023

April 26, 2023 - PRESSADVANTAGE -
Western Australia based eDental Perth is hard at work preserving the beauty of the Rivervale community?s smiles. The clinic offers dental services in a cost-effective, painless and professional manner in a friendly environment, and all are welcome to get in touch today to schedule their next appointment.

The team of dentists at eDental are trained, skilled and certified to provide the expertise that every patient would want from their dentist. They offer everything from emergency dental procedures to cosmetic dental treatments, all with the aim of helping patients create (and maintain) the perfect smile. They are open seven days a week, and their team of qualified and experienced dentists is always ready to help patients with all their dental needs. The clinic is located just two minutes from Crown Perth on the Great Eastern Highway in Rivervale.

?If you have any fears or anxiety when it comes to your dental treatment, then you will be pleased to know that all our team is trained to assist patients at all times,? says eDental Perth. ?As a result, you will feel comfortable before, during and after the appointment. All of our Dentists are Australian trained and accredited, and their competency levels are maintained to the highest standards at all times. Purpose built in 2018, our bright and airy dental practice has our patient?s comfort in mind. From the reception to all of the consultation and treatment rooms, we want you to relax and enjoy the full experience from the moment you

walk through the door.?

When looking for a dentist in Perth, it is important to pick a reputable provider that uses only the best equipment. All the equipment used by eDental Perth?s dentists, notably, is brand new and state-of-the-art, meaning patients can always be sure that their dentist is as well equipped as possible. Further, eDental is constantly looking to invest in the latest in dental technology, buying up the latest and most effective systems as they become available.

The clinic clarifies this does not mean they simply buy anything and everything labelled ?new,? instead, they strive to stay abreast of new developments so they are in a position to identify and purchase tried-and-tested dental tools and systems that have already demonstrated their ability to produce excellent results. The clinic also has a large team of dentists, meaning there is always a professional who can meet the specific needs of any given patient. They have both male and female dentists, dentists that speak multiple languages and dentists that specialise in working with children. Patients are free to choose whomever makes them most comfortable.

The all-inclusive dental clinic in Perth may lead patients to associate eDental with high prices. On the contrary, the clinic does all it can to keep rates competitive across the board. All treatments at eDental are affordable, and they offer payment plans where available. The eDental team believes that everyone should have access to quality dental care that is affordable and strives to ensure that their services are accessible to as many as possible. They do this without compromising on quality of service, and this is how eDental Perth has managed to become one of the top dental clinics in the area.

A number of patients have left great reviews of the clinic online. Steph C. says, ?All the staff here are amazing! The receptionists, the nurses and the dentists! They make the whole experience so comfortable, and we would definitely recommend them to anyone! Especially people with a fear of the dentist because you just straight away feel at ease! Also, they were able to sort issues for us that we were told by another dentist that we would have to see a specialist for, so we?re very grateful.?

Mel M. similarly comments, ?Great place. Very professional and caring, including follow-up phone calls to see how you?re going. I?ve had a bit of work done there lately, and it?s been a good experience as far as going to the dentist goes! Good to be able to go on the weekend and even public holidays. Thanks, Dr. Tina!?
