March 28, 2019

March 28, 2019 - PRESSADVANTAGE -

Silver Peacock & Co, the reputed one-stop accounting firm, has announced the launch of their new website. Accountants at Silver Peacock & Co have over 50 years combined accounting experience making them specialists accountants in the trade and all construction industry providing accounting and tax support to construction businesses of all types and sizes.

Silver Peacock & Co have specialist's accountants for various industries including, education, health and community services, logistics, education, legal, hospitality and many more. Silver Peacock & Co services have also expanded beyond just bookkeeping, accounting and tax returns, Silver Peacock & Co now offer business restructuring, asset protection strategies, wealth maximisation, estate planning and SMSF's management.

In an interview, Silver Peacock & Co spokesperson said, "We are happy to announce to our valued clients and associates that we have launched a new website recently, you can visit the site and use the friendly navigation features to find the information you are looking for effortlessly and quickly. You can visit our new website now and enjoy a smooth browsing experience."

All clients & associates across Sydney we spoke to, made the following comments, "We choose to use the services of Silver Peacock & Co as they are an experienced financial accounting firm of great reputation and knowledge. They have some of the most experienced professionals specialising in accounting and tax services for various industries." Silver Peacock & Co spokesman stated that, "Silver Peacock & Co believes in conducting its business incorporating the highest standards of professionalism and ethics."

Silver Peacock & Co believes in remaining sharply focused on offering specialised services to their clients instead of trying to offer a broad range of services to a too wide category of clientel. The spokesman of Silver Peacock also confirmed that Silver Peacock focuses particularly on small to medium businesses of which a large portion are quickly experiencing business growth.

As a leading accounting firm, Silver Peacock & Co engages professionals with extreme care, only employing accountants who are hands on, experienced, and whose visions and ethics aligned to that of Silver Peacock & Co to maintain their customer value.

Silver Peacock & Co believes in adopting a personalised approach when providing its services ranging from Bookkeeping, payroll, financial reporting, taxation and many more. Accountants at Silver Peacock & Co take the time to sit with their clients, discuss their current circumstances, future goals, and develop strategies that focus on long-term wealth creation and maximisation.

According to the company spokesperson, Silver Peacock & Co. is the choice of a large and growing list of organisations because of their unrivalled expertise in accounting and related financial services. They have been consistently delivering more value for less. The company's customer support is available round the clock. Clients can connect with them through a phone call or email easily, thus ensuring zero downtime.

Silver Peacock & Co. are also known for their transparent and fixed price packages. Their clients will never have to deal with any hidden fees or other such unpleasant surprises. This allows them to plan ahead their budget well.
