IMSource Promotes System On How To Self Publish On Amazon

IMSource.org has announced that they are promoting the KMoneyMastery program. The program is designed to help people earn a passive income through Kindle book publishing and marketing. IMSource.org reviews various online marketing and other similar systems and it is very rare that they sign up to one as an affiliate, as they have incredibly high standards.

Greg Jeffries from IMSource.org says: "KMoneyMastery has been around for over two years and is still going strong. This tells us that they must be doing something right. The most important thing, of course, is that their program actually works. This is unusual because many affiliate programs only enable people to make money by pushing a product. In this case, you can earn by pushing the product, or by actually using it. We are really impressed with this and with the overall content of the program as well."

Simply put, KMoneyMastery is a course that teaches ordinary people how to create a simple, scalable and sustainable online passive income stream through Kindle publishing. It is a system that is accessible to anyone, regardless of their professional background, as it can teach people exactly how to earn money by outsourcing and automating all their publishing work.

The affiliate program, meanwhile, enables customers to essentially have a double income stream. As the program is so popular, selling it to others should be no problem, particularly with the free tools and resources that all affiliates are provided by KMoneyMastery.

The program, as stated, is quickly becoming incredibly popular. "I signed up with KMoneyMastery initially because I was interested in self publishing through Amazon Kindle," says Sarah R. "However, when I came across a review of KMoneyMastery through IMSource, I discovered that being an affiliate is also possible. My only complaint would be that the affiliate element of the program is not marketed widely enough. Or perhaps they do it on purpose. Either way, I've found it now and I am starting to earn some cash."

After reviewing the system, IMSource recommends that anyone who sign up for the program, either to become a self published Kindle author, or a KMoneyMastery affiliate. Further details are available on http://imsource.org/kmoneypr.
