

Psychic Advisor Warns The Public Of Inexperienced Psychics In Ottawa

April 12, 2019 - PRESSADVANTAGE -

Ontario based Psychic Advisor Ottawa recently launched an online service that recommends reputable spiritual advisors to residents of Toronto, Mississauga, Brampton, Hamilton, Oakville, Ottawa, Niagara, Milton, London, and the surrounding areas. They also warn the general public about dealing with people pretending to be spiritual advisors who take advantage of people's vulnerability to gain money from them.

"Avoid getting tricked by spiritual advisors with no real talent or insights. Our new online service helps connect you with the most trusted spiritual advisor mediums all across Canada. Whether you are looking for love and relationship advice, help grieving the loss of a loved one, or simply want to know what the future might bring, our talented spiritual advisors are capable of giving you the proper guidance and insight that you need," says Debra Hall, the driving force behind the Ottawa spiritual advisor.

As noted on the company's website, Debra Hall created the company to help people find real spiritual advisors who possess the "gift of foresight." Being one of the chosen few, she points out that not all spiritual advisors are equal, and many are just flat-out fakes. Hall has been holding spiritual advisor readings for more than 20 years now, and she specializes in astrology readings, phone readings, tarot cards, palm readings,

and more. She also states that the spiritual advisor's new online service is designed to ensure that the spiritual advisors are not influenced by the client's personal status, allowing them to provide accurate readings which customers can really rely on.

Hall further points out that despite the skepticism that surrounds spiritual advisors and mediums, at least 4/10 Canadians continue to believe in spiritual advisors and their readings. In fact, a 2016 online survey conducted by The Angus Reid Institute shows that out of 1,515 Canadian adults, more than 40% of them still believe in the supernatural. The institute noted that a probability sample of that size most likely carries a margin of error of +/- 2.5%. However, the figures are quite significant considering that the online poll also shows that at least 30% of the male and 50% of the female respondents believe that some people are truly gifted with spiritual advisor abilities that enable them to foresee and predict the future. Furthermore, more than 70% of the male and at least 80% of the female respondents believe that there are a lot of things that happen on Earth that cannot be fully explained by modern science.

Meanwhile, according to a survey by HuffPost/YouGov in 2015, nearly one in every three or four North Americans believes in the existence of paranormal activities. Such a large target audience creates an ideal breeding ground for fraudulent practices in an industry that is estimated to be worth over \$2 Billion in the US alone. The issue of fakes is also very similar to Ontario's fortune-telling and spiritual advisory industry, which is why the company attempts to unmask some of the fraudulent practitioners that are staining the reputation of the ethical and trustworthy members of the spiritual advisor community.

Those looking for a reliable and trusted spiritual advisor or medium may utilize the spiritual advisor's online service on their website. Also, those who wish to connect with Debra Hall may check out Ottawa's Google Map location to view the boundary of her service area. Furthermore, she is considered one of the most trustworthy spiritual advisors in Ontario and the surrounding areas, based on the numerous positive reviews and recommendations she receives from her previous clients.

Sallie O'Malley, one of her satisfied clients, said in a Google review, "I used the company's online service and one of their 'Ask Now' spiritual advisors surprisingly gave me a number of very accurate details about my life. She gave me so much spiritual advice and life insights. I decided to do an energy treatment with her which took me about 4 months to finish. I learned patience throughout the whole process, and the treatment I received was so worth it. She helped me to overcome my fears and put my past behind me. She helped me repair my confidence and fix some issues with my marriage. I can say that this was one of the best readings and spiritual treatments I ever had. Highly recommended."
