# Roofing Contractor Serving Louisville, Kentucky, Mighty Dog Roofing Offers the Best in Roofing Technology

*May 30, 2023*

May 30, 2023 -
Mighty Dog Roofing of East Louisville is leveraging the latest in roofing technology to give local homeowners roofing services of unprecedented quality, reliability, and convenience. For more information about the company, visit web site.

Well-known among Louisville residents for their track record of consistency and top-notch customer service, Mighty Dog Roofing also brings to the table many technological innovations that are changing the way homeowners approach roofing. Mighty Dog?s Customer Vault, Drone Sky View, and Curb Appeal Visualizer have made it easier than ever for its customers to know when a roof might need repairs, exactly what must be repaired, and how the finished repair will look.

Mighty Dog Roofing uses drones that can take high-resolution photos and videos to make roof inspections safer and faster. Moreover, since the drone captures photographic evidence, insurance companies trust Mighty Dog to assure non-biased reporting of roof damage. The technology also makes the claims process extremely straightforward for homeowners. Moreover, realtors can also use the drone?s photos and videos to

verify the health of a roof before a home goes on sale.

Once the problems have been identified, the roofing experts at Mighty Dog Roofing come up with a strategy to fix them within the homeowner?s budget. Customers get to visualize the repairs using the company?s unique and high-tech Curb Appeal Visualizer which uses real images of the customer?s property to show them a preview of how the home will look after the repair or roof replacement is done.

?Trying to figure out whether those expensive but attractive slate shingles are worth the additional cost?? asks Mike Nielsen, the owner of Mighty Dog Roofing of East Louisville. ?With our visualization software, that works on both phones and tablets, you get to channel your inner designer and tweak and change whatever you want about your property?s roof to your heart?s content. The software uses advanced image processing algorithms for a truly interactive experience. Our visualizer is just one of the many reasons why Louisville homeowners have come to love and trust the services we offer here at Mighty Dog Roofing. To find out more about everything else that sets us apart from the rest of the roofers in Louisville, visit company website.?

Mighty Dog Roofing also brings incredible convenience to the homeownership experience with its Customer Vault. As a secure storage vessel for everything related to the property?s roofing, customers can rely on Mighty Dog Roofing to let them know when it is time for the yearly maintenance. The photos and videos from the drone inspections can be saved in the Customer Vault and made readily available for insurance companies and realtors reselling the property.

?Warranty information. Repair records. Manufacturer information. Insurance information. You name it and we can store it securely for when you need it further down the road,? Mike says. ?We also back up all our warranties with our exclusive and free Mighty Watchdog Maintenance program. With Mighty Dog Roofing?s Customer Vault, you have a reliable and long-term roofing partner in Louisville who cares about your roof?s health and the safety of everyone who lives under it.?

Mighty Dog Roofing has received the thumbs up from Louisville residents in several 5-star reviews praising its attention to detail, the professionalism of its crew members, and friendly customer service.

A recent review on its Google Business Profile says, ?Great business! Quickly came out and gave me an estimate, matched the missing shingles, and had the repair completed before the next rain. Highly recommended!?

Another happy Louisville homeowner writes, ?The rep Brian Swan was so professional. The crew that put the roof on, cleaned up after themselves. They even did the job sooner than I expected. Certainly, would refer others to Mighty Dog Roofing.?

Readers can get in touch with Mighty Dog Roofing of East Louisville at (502) 289-6966 to schedule an appointment or to ask about its service offerings. For in-person visits, Louisville residents can find the roofing contractor at this address.
