

JackpotCandles.com Reveals Their New Citronella Jewelry Candle

July 22, 2015

July 22, 2015 - PRESSADVANTAGE -

JackpotCandles.com is proud to announce the newest scent among its line of jewelry candles, Citronella, which was recently added to its online catalog. The candlemaker from Amherst, New York offers fresh and unique scents to excite the senses through its products.

JackpotCandles.com's citronella jewelry candle is perfect for the summer season, with its gentle, tangy notes occupying the air while keeping mosquitoes and other insects at bay. The company has been making unique products, with its jewelry candles gaining popularity as of late. The company's jewelry candles are made from 100% soy, hand-poured and made in the USA. Within each candle is a piece of jewelry that reveals itself before the candle has reached its wick's end. Company spokesperson Matt wrote on Jackpot Candles Jewelry Candles blog recently, stating, "Jewelry candles are the latest craze. We at JackpotCandles.com recognize the need for products that create surprises and memories, and this is what our candles do."

Customers can now be treated to a new fragrance through the citronella jewelry candle. It can drive away insects while releasing a calming scent that adds to a room's ambiance. Upon regular use, the candle will soon reveal jewelry (ring, earring, or a necklace), an added bonus that never fails to surprise customers.

Customers can pre-select the kind of jewelry they would prefer, but its design and value will only be known as the candle burns. The jewelry's worth ranges between \$15 to \$5,000. Customers can then appraise the jewelry item on the company's website in the convenience of their own home.

The citronella jewelry candle can burn for up to 80 to 100 hours. It is infused with essential oils, allowing its scent to last longer compared to regular scented candles. Summer nights pair well with its light, lemongrass fragrance.

JackpotCandles.com is always on the lookout for new scents to add to their growing scented candle collection. "The amount of orders we get increases everyday," Matt continued. "As our customer base becomes bigger, our drive becomes stronger. Expect more surprises and scents to come in the future, and don't forget to "Like" us on Facebook to keep up to date on our giveaways!"
