Heroes Lawn Care of Northeast Bergen County, New Jersey, has the professional lawn care solutions that property owners need to keep their front and backyards healthy throughout the year. For more information, Visit Web Site.

Helmed by experienced and dependable professionals, Heroes Lawn Care brings together the best in the latest industry technology and carefully selected environmentally friendly and sustainable products to deliver the best lawn care services money can buy to hundreds of locations nationwide. Now, the company has a new location in Northeast Bergen County that offers all its advantages to New Jersey residents along with helpful and responsive customer service.

Heroes Lawn Care offers real-time estimates with its Lawn Legend software suite which is available online. Property owners can simply mark the area of the lawn that needs servicing and notate any details that the lawn project requires to get an instant quote. Customers can also contact the company to schedule an on-site visit or ask questions during a phone consultation.

New Jersey homeowners and businesses looking for a seamless fertilizer solution for their property can turn to the company?s Fertilizer Force program. The 6-step annual lawn care program includes all the timely applications of essential macronutrients and micronutrients to keep the turf looking healthy through the region?s changing weather conditions.

The first treatment, administered between mid-March to early April, includes early Spring fertilization pre-emergent weed control with fertilizer and broadleaf weed control. The second treatment, scheduled for early May to the end of May, includes late Spring pre-emergent weed control with fertilizer and broadleaf weed control. Treatment #3, from the end of June to early July, includes summer fertilizer plus grub control and broadleaf weed control.

The fourth treatment is scheduled for late summer and includes micronutrient fertilizer with macronutrients and spot broadleaf weed control. Treatment #5, administered between early September to mid-September, includes late fall recovery fertilizer with macronutrients and spot broadleaf weed control. Finally, the sixth treatment prepares the turf for the winter through the application of Winterizer fertilizer and broadleaf weed control.

The company?s Irrigation Army program uses its very own Stealth Smart Irrigation technology to allow homeowners to precisely control when the lawn gets watered. The system uses a Smart Sensor Controller and receives input from the Smart Rain Sensor to help property owners avoid overwatering their lawns. As a result, homeowners save money on their utility bills, preserve water, and contribute to a balanced ecosystem that conserves the use of its precious resources.

Several of the area?s pet owners also rely on Heroes Lawn Care to keep their property clean and free of contamination with its Doody Duty pet waste removal services. The company?s pet waste removal packages clean up grassy areas, gardens, pavers, rocky paths, patios & decks, and dirt paths located on private residences, public parks, dog parks, retail venues, business office yards, condos, and apartments, outdoor space at homeowner association communities, commercial property municipalities, and more.

Heroes Lawn Care of Northeast Bergen County is led by General Manager Anthony Reinhardt, a North Jersey native with a passion for delivering excellent lawn care with world-class customer service. His love for the turf stems from his successful golf career and he holds the distinction of winning the title of Golfer of the Year from Rhythm & Brews in 2022. He?s also a certified commercial pesticide applicator.
