Phoenix Home Remodeling, an award-winning home remodeling contractor in Chandler, AZ, wants to point out that they are offering Tempe kitchen remodeling services. They fully understand that the kitchen is the heart of the home because it is not just a place where the family cooks and eats but also a gathering place for family and friends. They believe that a well-designed kitchen is stylish, functional, and will make life easier. They will take into account several factors, such as the layout, cabinets, appliances, backsplash, countertops, and more.

Jeremy Maher, co-owner of Phoenix Home Remodeling, says, ?At Phoenix Home Remodeling, our team has over 100 years of experience in kitchen remodeling. We are a family-owned business and we take pride in our work. During our feasibility, planning, and design phase we will work with you to create a custom design that fits your budget and needs. By working with our team, you can avoid the stress many contractors inflict like: bait & switch on their price; having to chase them down constantly; leaving projects incomplete; shoddy workmanship without a guarantee; make a mess of your home; damaging your house and not repairing it; not being licensed, bonded, insured, and workers' compensation puts the risk on you.?

The quality of the remodeling services provided by Phoenix Home Remodeling has been assured to be of high quality by their customers as evidenced by five star reviews they have been receiving. They have an overall rating of 5.0 out of 5 stars on Google and in a recent review, Erica W. gave them a five star rating and said, ?I?m so pleased with how my home remodel turned out! The Phoenix Home Remodel team was easy to work with, responsive, professional, etc. It was a big project and I felt like I had a true partnership with Steve, Mark and Ben to navigate the few complexities that came up along the way. I hear horror stories about remodel projects gone wrong so I was a bit nervous going into it but the PHR team got it right! Definitely recommend them for your home remodeling projects. Thanks PHR.?

They also offer bathroom remodeling services and just like with kitchen remodeling, customers can have peace of mind that they will handle the whole bathroom remodel including the planning, demo, construction works, and clean up. Just as with the kitchen remodeling, they will focus on the design and functionality of the bathroom. This is to ensure that the homeowner will be able to get the most out of the bathroom remodeling services. They will consider various design elements, such as: floating vanity, more bathroom countertop space, hair dryer drawer storage with plug inside, fun and functional storage options, bathroom clothes hampers, freestanding bathtubs, wall mount sink faucets, trough sinks, custom showers, functional cabinet storage for electronics, vessel sink bathroom vanities, and shower jets.

Launched in 2017, Phoenix Home Remodeling was the result of co-founder Jeremy Maher?s previous disappointing experiences with contractors. The company has set as its goal to offer much better contracting services. Their local staff are all experts with regards to kitchen, bathroom, and whole home remodeling, and they guarantee premier workmanship and a remodel that is truly attractive. They can provide various types of home improvement services, such as: building a new wall or removing a wall; planning all aspects of the remodel; demolition of all items being removed; new backsplash and other tile work; new cabinets; new countertops; new doors; new lighting; new windows; bathroom remodeling; new flooring; new showers; entertainment wall remodeling; kitchen remodeling; laundry room remodeling; and more. They are offering their remodeling services in Chandler, Ahwatukee, Mesa, Sun Lakes, Tempe, Laveen, Phoenix South Mountain, and Gilbert.
