Boise DUI Guy, part of Trilogy Law Group, is fighting DUI charges and getting the best results possible for its clients.

DUIs can have long-reaching effects on an individual?s life regardless of the circumstances surrounding them. It can not only make it difficult for one to resume their regular life, maintain personal relationships, and keep gainful employment but it can also rear its ugly head further down the road during divorce settlements or child custody hearings. Apart from the permanent blot on a criminal record, a DUI may also carry a six-month jail sentence, fines, and loss of the accused?s driver?s license for 90 to 180 days.

?There are many myths surrounding DUIs,? says attorney Aaron J. Tribble from Boise DUI Guy. ?For example, some might believe that if their blood alcohol content (BAC) is less than 0.08%, they are safe from prosecution. This is not remotely true as you can be charged and convicted of a DUI with a BAC less than the legal limit. The same applies to prescription medicines or passing field sobriety tests. You?re not in the clear as the evidence can be interpreted in many ways.?

Boise DUI Guy advises those facing a DUI to never plead guilty to the charges before consulting with a skilled attorney. Attorney Erik O?Daniel says, ?It is always better to fight the DUI charges as there are many ways in which they can be dismissed completely because of a lack of evidence or due to mistakes made by the police. However, this can only be achieved by attorneys who have years of experience fighting DUI charges and know the system, including the police?s investigation process, thoroughly.?

As a part of Trilogy Law Group, at Boise DUI Guy, attorneys Tribble and O?Daniel use all the skills in their toolkit to help individuals fight unwarranted DUI charges. Aaron J. Tribble boasts a degree in Engineering Physics and experience as an Electro-Optical Engineer, skills that he combines with his J.D. from the University of Idaho to fight for his clients. Erik O?Daniel has been zealously defending clients against criminal accusations since 2005, bringing his years of experience as a Law Clerk for the Idaho Court of Appeals and Idaho Supreme Court to the table.

When asked about what makes the law firm different, Boise DUI attorney Tribble says, ?We understand how stressful and anxiety-inducing it is to be accused of a crime. More importantly, we know what it takes to beat those charges and get back to your life. So, we take each client?s criminal charges personally, fighting as if we were ourselves facing jail time. It helps us be focused and methodical for all the clients we represent.?

Boise DUI Guy has received several 5-star reviews from clients whom the firm has defended over the years. The law firm boasts a perfect 5.0 out of 5.0 overall rating on its Google Business Profile from over 40 reviews with clients thanking its attorneys for their expert advice in difficult situations and its helpful office staff that provides responsive customer service.

One recent review says, ?Trilogy has been so helpful with all my legal needs over the years. It's been rough, but they helped me find the light at the end of the tunnel. Super attentive and went above and beyond to make sure everything was taken care of in a timely and sensitive manner. Can't thank them enough. Highly recommend them to anyone looking for a law firm.?

Another client writes, ?Several years ago, I had a DUI. People make mistakes and Aaron and his team were there to help me out in a pinch! Everyone was very friendly, empathetic, and made me feel secure when I thought life was over. I never had any questions as I was always in the know regarding my case along with procedures. I highly recommend Aaron and his firm.?
