August 22, 2023 -
Replica Furniture Australia is pleased to announce the arrival of their newest product: the Replica Toga Chair - Fireside Lounge. The chair comes in 3 colours; blue, grey and green and is now available both online and at Replica?s Brisbane showroom.

As with all of Replica Furniture's products, the new Toga Chair is an example of masterful craftsmanship, offering a level of comfort rarely found elsewhere. Replica Furniture?s products are available exclusively within Australia, meaning customers can be sure they are getting a high quality, locally available product.

The Replica Toga chair, which many customers already describe as ?stunning,? is made from high density sponge and covered in a suede/polyester stretch fabric that delivers on both looks and durability. The Replica Toga Chair is often referred to as a fireside lounge chair due to how perfectly it is suited for this purpose. The product comes fully assembled and ready for use, and it can be delivered within a very short period. Most regions of the country will receive their deliveries within 7 business days at most. Brisbane residents can even expect same-day delivery if they order before 10am.

One of the most popular versions of the chair is the Toga Fireside Chair in Green. This version of Toga?s latest creation comes in a shade that is described as ?vegan green.? It is a dark and cosy-looking shade that makes the already comfortable chair look even more inviting. Customers will find that this green shade complements a wide range of other colours, making the green Toga chair an excellent choice for almost any household.

The Toga Chair is one of the most recognisable early 1980s designs, and it has remained very popular over the decades. Toga chairs are known for their iconic low silhouette, which creates one of the most relaxing pieces of furniture possible when combined with a soft exterior. Many Toga chair owners use the chairs as a place to relax with a glass of wine or a book.

Replica Furniture?s Toga chairs maintain the retro charm that homeowners first fell in love with in the early ?80s while making use of modern materials and methods to create an even more comfortable seat than the original. Similarly, Replica Furniture?s Blue Fabric Toga Lounge chair is a prime example of old charm marrying modern technology. Learn more on the furniture shop?s website.

A review of one of Replica Furniture?s products says, ?I have been hunting for the right chairs for approximately six months now. By complete fluke, I was introduced to Replica Furniture. I could not be happier! The service we were provided was beyond brilliant! A really quick response to an online enquiry followed by a personal text message with more information and photos for me. We live in regional QLD, so imagine my surprise when I was notified my chairs would be arriving just two full days after ordering them! The chairs are so great, very, very happy with the product, and they were safely packaged for their trip north. Replica Furniture, you guys are great and have a lot to be proud of!?

Replica Furniture aims to make shopping for furniture as easy as possible, offering both in-person and online options. Customers may visit their store or their website for more information on all of the products and services that are available.
