Dyson Law Celebrates a Decade of Attorney Peter A. Dyson, Esq Being Recognized Year After Year as Florida Super Lawyer

August 23, 2023

August 23, 2023 - PRESSADVANTAGE -

Dyson Law PLLC, a firm based in Delray Beach, FL, is proud to announce they are celebrating a decade of managing partner Attorney Peter A. Dyson, Esq being recognized as a Florida Super Lawyer at the firm, from 2014 up to the present time. The Super Lawyers directory is a list of leading attorneys in each state who have demonstrated excellence in the practice of law. The directory is a resource designed to assist those who require the services of a lawyer. The lawyers to be included in the list are chosen every year for each state through peer nominations and evaluations, combined with independent research. Every candidate is assessed based on 12 indicators of peer recognition and professional achievement.

To help with the selection, a group of highly accomplished lawyers from around the country make up the Super Lawyers Advisory Board. They make use of the deep understanding of their local jurisdiction to offer insights regarding each legal professional and practice.

Peter Dyson serves as a personal injury lawyer for the city of Boca Raton and neighboring areas. The firm offers legal representation for victims who have been hurt because of car crashes, motorcycle accidents,

truck accidents, and negligently unsafe property conditions. They also provide representation for families who have lost a loved one as a result of wrongful death cases.

Peter Dyson says, ?A personal injury lawyer in Boca Raton will typically have more success negotiating with the insurance company after certain injuries, like car accidents, than you would. Many insurers try to quickly settle claims for as little money as they think they can get away with paying you. Don?t fall for their games. If they offer some lowball settlement or deny your claim, then we will be there to help force their hand to offer a settlement without going to court. However, if necessary, we?re also unafraid to fight them in court on your behalf.?

Personal injury protection (PIP) is a kind of insurance that covers wage loss and medical expenses. In Florida, drivers, except for motorcyclists, are mandated to have PIP coverage. A certain number of people get injured in accidents in Florida each day. These incidents may result into serious injuries for the victims. However, accident victims usually don?t think about getting the services of a lawyer because they believe their injuries are not sufficiently severe to warrant a lawsuit.

They want to emphasize that accident victims need to look for a personal injury law firm with a track record of helping those who have been hurt in such accidents. The compensation that can be obtained can help with the medical bills lost wages, living costs, and emotional suffering that the victim has gone through. Some of the usual kinds of injuries a personal injury lawyer from Dyson Law can help with include: motor vehicle accidents, slip-and-fall accidents, medical malpractice, defective products, product liability mass torts, animal attacks, wrongful death, and nursing home abuse.

After getting injured from an accident, there are a number of things that the victim is advised to do. These include: checking oneself for injuries, not assuming one didn?t suffer a personal injury, checking on others for injuries, moving everyone involved to a safe place, calling the authorities, exchanging information, documenting the accident scene, and looking for a personal injury lawyer.

Founded in 2020, Dyson Law PLLC originated from Metnick, Levy & Dyson and seeks to continue its proud tradition. Peter Dyson serves as managing partner for the firm. He manages the daily operations of the firm but still sets aside a substantial amount of time devoted to advocating for his clients. He completed his B.A. degree in history at Binghamton University in 2000 and his J.D. degree a Nova Southeastern University in 2007. He is a member of the Florida Bar, New York State Bar, New Jersey State Bar, Palm Beach County Justice Association, Broward County Justice Association, and Million Dollar Advocates Forum. He has been recognized as one of the Florida Super Lawyers from 2014 to 2023.

Those who are interested in learning more about the personal injury legal services provided by Dyson Law PLLC can check out their website of contact them on the phone or through email.
