AVON LAKE, OH - Deeply rooted in the heart of Avon Lake, Sissons Flowers & Gifts, a distinguished family-operated establishment, has been the epitome of floral elegance and superior service. Now, they are thrilled to unveil their newest venture: a premier Flower Subscription service. This service promises not only periodic floral delights but also a lasting bond forged through the language of flowers.

In a world that's ever-evolving, Sissons Flowers & Gifts seeks to provide a steady stream of beauty and joy. Recognizing the innate human desire for consistency, especially in these uncertain times, their Flower Subscription service ensures that homes and offices remain adorned with nature's best. Whether it's the vibrant hues of spring or the subtle tones of winter, subscribers are guaranteed a handcrafted arrangement that captures the essence of each month.

For those who treasure greenery, Sissons extends the subscription service to include plants. These aren't just plants; they're carefully curated green companions that promise to purify the air and uplift spirits.

Diversity is at the heart of this subscription offering. The "Bouquet of the Month Club" stands as a testament to this, with tiered options designed to cater to varied preferences and durations. Patrons can opt for a three-month floral journey priced at $169.99, extend their experience to six months for $349.99, or indulge in an entire year of floral magic at $699.99. Plant aficionados aren't left behind, with plant subscriptions mirroring the bouquet offerings in duration and price, ensuring verdant joy month after month.

While the subscription service is a novel addition, Sissons Flowers & Gifts continues its legacy of impeccable service and unmatched quality. Every floral or plant delivery under the subscription comes with the hallmark Sissons guarantee. This commitment encompasses timely and respectful deliveries, the freshest of blooms, and an unwavering dedication to customer satisfaction. Each delivery isn't just a bouquet or a plant; it's a piece of Sissons' legacy, a testament to their decades of expertise and passion.

For Sissons Flowers & Gifts, the journey began in 1939. Since then, under the visionary leadership of Michelle Janics, they have grown, adapted, and consistently exceeded customer expectations.
