Los Angeles DUI Lawyer, a legal firm specializing in impaired driving charges, is pleased to announce that they are lending their legal expertise to all those who need it. The Los Angeles, California based law firm has a comprehensive understanding of drunk driving laws and the DUI industry, which puts them in the best position to help defendants facing DUI charges.

?Impaired driving charges are some of the most common charges that are litigated in Los Angeles, and the law is serious about it,? states the Los Angeles DUI Lawyer. ?The DUI laws in California are straight to the point: Section 23152 of the California Vehicle Code clearly makes it a crime to operate a motor vehicle under the influence of alcohol. This refers to situations where the accused has a blood alcohol content of 0.08% or higher.?

There are several types of DUI-related charges, including but not limited to Impaired Driving, Driving Under The Influence, Over 80 m.g. DUI, Failure to Provide a Breath Sample, Care and Control, and more. These charges come with a variety of consequences, such as having a criminal record, serving a jail sentence, suspension of driver?s license, payment of fines, travel restrictions, and the potential loss of Income. "The penalties are very clearly laid out, and they are rather severe," says the Los Angeles DUI Lawyer. "If it's your first offense, you can get off with a six-month license suspension, three-year probation, and up to \$1000 fine. There could also be the installation of an ignition interlock device in all the offender's vehicles for a period of months. A second-time offense will get your license suspended for two whole years and you could be looking at a one-year jail sentence on top of everything else. If you're a third-time offender, you'll be looking at a three-year license suspension, five years of probation, and a one-year jail sentence."

I was in a rather time-sensitive situation where I needed to get a DUI charge expunged off my record so that I could join my school of choice and pursue my career. The firm put their best foot forward and worked hard on my behalf to get me off without any complications. I could tell they genuinely cared and I can't thank them enough, because without them I would not be where I am today. I would easily recommend them to anyone who is in a similar situation."

Another client, Terrence H. says, "Going to court is terrifying no matter what charge you are facing. Mine was just DUI-related but I was still freaked out. Even before I won the case, I could already tell that getting the Los Angeles DUI Lawyer involved was the best decision I made. Not only did they seem to have an incredible amount of experience with what they do, but my representative also made sure that I was calm throughout the process. They took all the worry and anxiety out of the experience for me. Best of all, they provided me with the best DUI Attorney services cost out of all the law firms I contacted. Highly recommended."
