October 17, 2023 -
Mighty Dog Roofing Eastern Nebraska, a roofing contractor based in Omaha, NE, employs drone technology to provide clients with a 25-point inspection of their roof and other external parts of the home or building. Aside from roof inspection, they can also provide roof installation, roof repair, attic venting, gutter installation, gutter repairs, commercial roofing, exterior home siding, siding repairs, and window installation. Those who are interested in the roofing contractor and their services can visit company website.

A spokesperson for Mighty Dog Roofing Eastern Nebraska says, ?Mighty Dog Roofing Eastern Nebraska knows the importance of trust and accuracy when dealing with something as important as your home. Our drone technology gives you verifiable and credible inspection information from the smart intelligence analytics it gives your home's professional inspections team. By setting the baseline health of your roof with our complete and thorough inspection, we keep your roofing service records and measurements, along with the history of any roofing repairs and replacement, locked away in your customer vault.?

Their 25-point inspection plan includes: inspection of siding; inspection of step counter flashing; eaves and

rakes inspection; drip edge inspection; inspection of valleys; inspection of storm damage caused by hail; roof edging inspection; inspection of furnace caps and pipes; inspection of storm damage caused by the wind; plumbing stack inspection; chimney inspection; inspection of gutter aprons; downspouts inspection; ventilation inspection; inspection of step and counter flashing; foundation drainage inspection; nail head inspection; hip and ridge inspection; air conditioning unit exterior inspection; gutters inspection; attic inspection; roof ventilation and exhaust system inspection; window inspection; inspection of roof sheathing or decking; and soffits and fascia inspection. Those who require more information about the drone inspection can visit web site.

Another distinctive service provided by Mighty Dog Roofing Eastern Nebraska is the Customer Vault. This vault is used as a personal information storage that they provide for each of their clients. Any relevant detail or information regarding the client?s roof or property is kept for future use in the Customer Vault. These include: yearly updated drone inspection information; warranty information; reports on monitoring of all repairs and replacements with dates, products, and services used; insurance information repair records; manufacturer information; photographs and videos; reports for the customer?s realtor/insurance agent; all insurance details for easy and convenient claims handling; and yearly reminders for the inspection of the customer?s roof.

They also provide a Mighty Dog Watchdog Maintenance service that they conduct for the client each year. They will inspect the roof and other external components of the home or building for any potential problems while they are still minor problems. Next, they will offer the appropriate fix for those minor issues to prevent them from becoming major problems in the future. They will send the client annual maintenance reports that will be useful for any insurance claims. These reports may also be employed by the real estate agent when selling the property. They will also make yearly comparisons of the maintenance reports to find out how long the roof may last to make sure the property owner is ready when it comes time to replace the roof.
