September 09, 2019 - PRESSADVANTAGE -

(Boston, Massachusetts, September 09, 2019) Search Fund Accelerator (SFA), the first and most advanced coaching organization that mentors aspiring CEOs seeking to acquire businesses, announced that a member of its 2018 cohort has purchased a company. This is SFA's ninth acquisition since its inception in 2015.

Brian Kruse acquired Legacy Roofing Services, which specializes in commercial re-roofing and roofing services primarily for retail, office, industrial, and apartment buildings. Though based in Akron, Ohio, Legacy serves clients in two additional metropolitan areas, Cleveland and Columbus. Legacy also operates in Florida, where it is experiencing rapid growth and expects further expansion in the future.

Kruse joined SFA after earning his MBA from Chicago Booth School of Business where he was co-chair of the Entrepreneurship Through Acquisition Club. Prior to matriculating into business school, he spent six years in management consulting with PwC/Strategy& and EY. Additionally, Kruse holds a BS in Mechanical Engineering from the University of California, Berkeley.

"Brian has a very clear vision of where he wants to lead the company," says Timothy Bovard, SFA's founder and CEO. "It has been a great pleasure working with Brian during the search and acquisition process. We look forward to continuing our partnership with him over the coming years."

This acquisition is just the latest of numerous SFA success stories. In addition to Kruse's acquisition, all four of SFA's 2015 searchers, three of the 2016 searchers, and one of the 2017 searchers are now CEOs leading businesses they bought. To date, SFA has collaborated with 22 searchers from a wide variety of professional and educational backgrounds.
