Should the client wish to move forward, the firm will make their team?s expertise available until the case is resolved.

?You pay nothing unless we win,? adds Kenneth S. Nugent, P.C. ?We understand how terrible this time must be for you, and we will do everything in our power to take the burden of pursuing compensation off your shoulders. Instead, you can rely on us to investigate the circumstances that led to your loved one?s passing, following which we will negotiate for the largest compensation possible.?

Such negotiations have to be backed by evidence, which is why most will find it easier to win their case with the assistance of a wrongful death lawyer. In addition to knowing the intricacies of the legal system, a firm with resources similar to Kenneth S. Nugent, P.C. will have access to an expansive network of specialists, experts and so on who could help them determine the truth behind the accident or other incident which had fatal consequences.

The firm further points out that a death may not occur immediately. In some cases, a victim may receive medical care before they pass, and this will add to the immense financial burden their surviving family members will have to deal with, along with funeral arrangements and so on. In some cases, financial compensation can do more than alleviate the family?s financial concerns, it is necessary to support them. This can happen if the victim was the family?s sole or main income earner.

Whatever the case may be, it is strongly recommended that survivors seek compensation if they have lost a loved one as the result of another party?s negligence. A wrongful death claim is also separate to criminal charges, and both may proceed independently if required.

Savannah residents need only take a look at the experience others have had working with Kenneth S. Nugent, P.C. to determine if their assistance would be helpful. A former client shares, ?I got seriously injured from a head-on collision. I was out of work, needed months of therapy, and my back pain was continuously hammering! Nugent, P.C. ?Lauren Huffman stayed with me every step of the way and treated me like family,? explains the client. ?It didn't matter how many questions I had or how many times I called Lauren on a weekly basis.
