

Milk Tea Therapy Announces Holiday Sales And Special Offers

January 04, 2016

January 04, 2016 -

Naples, FL - A herbal blend has been recently released on the popular online shopping platform Amazon. It has been getting much positive ratings from shoppers as a method of increasing breast milk in nursing mothers. The product is called Dr. Rosemary?s Tea Therapy- Breast Milk Booster which has afforded great promotions and sales for the end of year holidays.

The milk tea therapy has been created for nursing mothers at affordable prices. The sale price for the holidays is below $18. Additionally if the customer purchases three packages of Milk Tea Therapy then they can receive free shipping.

Those who purchase the milk tea can also receive $10 instantly off their purchase. This is possible if they get an Amazon.com Store Card. This is the purchaser?s gift from Amazon for signing up for a store card. The cards can be even given as gifts and upon approval the customer receives a discount from their normal purchase price of the milk tea.

For the holidays, the company Desert Rose Wellness has included discounts for online shoppers of their Milk Tea Therapy packages. This is done for customers who purchase between two and six packages of Breast Milk Booster. The discounts received from customers will range from between 10%-30%.

For example, if a customer purchases two milk tea packages they will receive 10% discount off the regular purchase price. This can occur once the customer utilizes the promotional code F3VBNAXU at checkout on Amazon. Additionally, the customer who purchases three milk tea packages will receive 15% discount off the normal sale price. The customer has to use the promotional code 6SOE6HMU in order to get the discount.

Customers have been speaking of the benefits of using the milk tea therapy. One five star reviewer on Amazon, Jade, commented, ?I love this tea! I have always had trouble breastfeeding as I just do not produce enough. Even though I have not yet tried this batch, I have used this product for my last two pregnancies and it definitely helps stimulate the milk production. I will be having my fourth next summer.?

The milk tea therapy that has been created for nursing mothers is made exclusively available for customers on Amazon.
