As the individual with whom my pastor entrusted the search for a church, I called Master's Transportation and was transferred to Patrick. From that day in September to December 22, 2023, the day our church's van was delivered, I found Patrick to be very professional, respectful, courteous, and friendly. Patrick provided clear details as was expected from sales personnel, although many sales representatives do not demonstrate such professionalism where it relates to customer service. Patrick ensured that we had all details to the specifications we provided to him for the type of van/bus our church was looking for. To find such sales representative is very rare. I personally and sincerely want to thank Patrick for his exceptional dedication to the work he does as a sales person. Keep up the good and hard work, Patrick! I hope and pray your boss gives you a good sales commission! Thank you and God bless.?
