October 01, 2019 - PRESSADVANTAGE -

Newark, NJ based Metro Law Newark NJ is pleased to announce that members of the community may rely on the firm for legal representation in auto accident cases. Newark residents in need of an auto accident attorney need not look any further than Robert A. Solomon P.C. Newark Lawyer, a highly qualified and experienced auto accident attorney. With law enforcement officers cracking down on reckless and hazardous driving, having a qualified auto accident attorney on hand at all times is important for anyone who operates a vehicle on a regular basis.

In 2017 alone, over 37,000 deaths were reported on US roadways. The New Jersey Department of Law and Public Safety reported 591 fatal motor vehicle accidents in the same period that resulted in over 600 deaths. This means that, on average, there were almost two fatal motor accidents per day in 2017. Any time one gets into a car in New Jersey, or anywhere else for that matter, they face the possibility that an accident may occur?whether they are the driver or the passenger.

?Serious accidents can leave victims in terrible pain, harboring significant injuries that will affect them for their entire lives,? says Metro Law. ?Some car accident injuries leave victims unable to work or continue with

activities that they used to participate in. They also tend to find themselves in financial hardship due to insurance and medical bills. If you or someone you love has been injured in a motor vehicle accident in Newark, you may be entitled to compensation. Our personal injury lawyers at Metro Law offer free initial consultations. We are available when you need us most.?

The law firm specializes in providing services to residents of New York and New Jersey who were injured in car accidents. With a team of lawyers that have been practicing law for over 30 years, Metro Law wields a wealth of experience handling different types of cases, including car accidents, pedestrian accidents, truck accidents, DUI accidents, and motorcycle accidents. Robert A. Solomon, an attorney at Metro Law, personally has decades of experience working with a wide range of personal injury cases, such as car accidents and medical malpractice. Metro Law encourages potential clients to, ?Schedule an appointment with our Newark NJ office to learn more.?

They continue, ?If you or a loved one was injured in an accident that involved another driver who was intoxicated when the crash occurred, you may be able to file a claim for your injuries and losses. Contact a knowledgeable and dedicated DUI accident lawyer at Metro Law today to discuss your accident and find out if you are entitled to compensation.?

Car accidents are capable of irreversibly altering one?s life to an extensive degree. From incredibly high medical fees to life altering injuries to the loss of loved ones, car accidents can cause a variety of serious issues. Some injuries can cause victims to be unable to live life the way they once did. Reports show that between twenty and fifty million people are injured or disabled in vehicle accidents each year. In 2012, car crashes alone cost about 18 billion dollars in total.

As the personal injury law firm states, ?Accidents can happen anywhere, at any time, and to anyone. No one is 100% safe on the road, and there are countless dangers and hazards that often fly under the radar until it is too late. It?s no surprise that motor vehicle crashes are the leading cause of injury in the US, or that 2.5 million Americans end up in the hospital after being involved in a motor vehicle accident. The number one cause of motor vehicle accidents is driver error, which means that someone is at fault a majority of the time. Our personal injury lawyers at Metro Law can help you build a rock-solid case if you or someone you love has been injured in a car accident. Our lawyers want to help you recover as quickly as you can and help you get back to your regular life.?

Newark residents looking for a reliable Newark auto accident attorney are encouraged to contact Metro Law Newark for all their auto accident attorney needs. More information can be found online at their website and social media platforms.
