The Glo Show Unveils New Website: Elevating Mobile Spray Tanning in Bedford to Luxurious Heights

February 28, 2024

London, England - February 28, 2024 -
The Glo Show - Mobile Spray Tanning in Bedfordshire, a highly acclaimed and established mobile spray tanning service, is excited to announce the launch of their new website.

The website promises to be more interactive, user-friendly, and easy to navigate than its predecessor. The Glo Show business is based in Bedfordshire, UK. The mobile spray tan service has been providing top-quality, ethical, and vegan tanning services to its satisfied clients for the past eight years.

The founder, Bernii, is a veteran in the spray tanning industry. She has instituted an innovative and unique approach to her services. Celebrating the launch of her revamped website, Bernii stated, "From the very beginning, The Glo Show's mission was about delivering an excellent, luxury service that also remains environmentally friendly. Our new website helps the reach of our mission by allowing more people to achieve their desired appearance without sacrificing their ethical standards."

The Glo Show proudly utilises Nouvatan tanning solutions and offers bespoke shades. The products are free from parabens, oils, and alcohol and are composed of natural active organic ingredients. As a result, the solution not only provides an excellent tan but also nourishes and hydrates the skin for longer-lasting results.

The Glo Show offers bespoke bridal spray tanning and tanning parties with personalised services.

One of the Glo Shows standout services is the bridal spray tanning package. It is custom-made to ensure that brides achieve the ideal tan on their wedding day.

The bridal solution is a clear spray which develops overnight. This means there is no transfer on to the brides and bridesmaids wedding dress from the added bronzers in a normal spray tan solution.

This bridal service includes a trial session and potentially a free spray tan for the bride, depending on the size of the bridal party. They also arrange unique tanning parties for groups of friends looking for an original bonding experience, complete with attractive discounts.

The Glo Show is dedicated to creating a safe and inclusive environment for all clientele, including the LGBTQIA+ community. They firmly believe in the confidence-boosting power of a great tan. A satisfied client, Heather Mills, said, "I am always stunned by the transformation after a session with The Glo Show. Not only do I look impressive, but I also feel incredible, confident, and prepared to face the world."

This new venture permits individuals to engage directly with The Glo Show, allowing them to learn more about the company's ongoing commitment to its ethical standards and its customers. For an in-depth exploration into their business, visit https://thegloshow.co.uk/

In concluding remarks, Bernii Francis shared, "The Glo Show takes immense pride in its growth and evolution over the years. We are enthusiastic about this new chapter that allows us to enhance our service. We warmly welcome everyone to come and experience our new digital space."

The Glo Show cordially invites everyone to visit their new website and discover their diverse range of services, each guaranteeing to leave clients radiating confidence. Whether it is standard tanning, bridal tanning, or a tanning party, The Glo Show is a trusted ally of all their clients.
