Bowie, Maryland company Porcelain Tub Restorations has released a free PDF eBook on bath refinishing. In order to access the eBook through <https://bathrenovationhq.com/bathtub-tile-refinishing-guide/>, people are asked to make a social share of the product. The book is designed to help people make the right decisions when it comes to refinishing their bathrooms. By downloading the eBook, people will gain a better understanding on this and how Porcelain Tub Restorations can help.

Paul Burns from Porcelain Tub Restorations says, "Our new eBook 'The Ultimate Guide for Getting a Great Bathroom Refinishing' is a very practical publication for anyone who is considering refinishing their bathroom. By giving us a social share, it is available completely free of charge."

The 25-page eBook lists all the ins and outs of selecting a qualified bathroom refinishing contractor in order to complete a bathroom project properly. It also highlights the benefits of refinishing a bathroom rather than replacing it. One of the advantages of refinishing is that it is a far more cost effective and economical option.

The guide is designed to show people just what the cost difference is between remodeling and refinishing. It

also helps people in finding a good contractor to help them complete the job, showing them what to look for in a reputable business. Furthermore, it discusses such issues as the types of coating that are available, the different kinds of adhesion treatments, including how to avoid shady contractors. Some of this information can also be found on the company website, including <https://bathrenovationhq.com/services/bathroom-ceramic-tile-refinishing/>, but the eBook brings all the different elements together in one useful spot.

"All we ask in return for the eBook is a social share," adds Paul Burns. "People can Tweet it, Facebook share it or put it on Google+. As soon as they do so, the content is unlocked and available. This way, we help our customers with valuable information, and they help get our name out in the social stratosphere."

Naturally, Porcelain Tub Restorations also offers all the services that are discussed in the guide. The full range of offerings can be seen on <https://bathrenovationhq.com/services/bathtub-refinishing/>. As such it is also hoped that those who like the eBook will make use of the company's services for their refinishing projects.
