They have provided legal defense services for over 3,000 criminal cases, DUI, domestic violence, juvenile cases, felonies, and misdemeanors.

A former prosecutor, defense attorney Gary L. Rohlwing stated, "We have been providing expert legal advice to our clients throughout Arizona for over 35 years. In light of the ongoing crackdown on DUI cases, we have expanded our services to help those who face any type of criminal charge. We advise taking advantage of our free initial consultation for any criminal cases or DUI related charges, including underage drinking and

driving, misdemeanor DUI, aggravated DUI, extreme DUI, Felony DUI, multiple DUI offenses, or reckless driving.?

Having gained professional experience on both sides of criminal law, the firm is devoted to helping the individuals they represent, protecting their rights and helping them achieve the best outcome possible for their cases. Given their in-depth understanding of the arguments prosecutors use in order to get a conviction, the firm's clients stand to benefit greatly if they opt for the Gary Rohlwing defense.

For those who prefer to email or message to calling, the new website provides the features to do that easily.

Notably, the website offers users the ability to email or message the firm discreetly, should they prefer. In addition to key information regarding their full range of services, the website also includes links to their blog. Rohlwing stated, "Anyone who has been arrested and charged with a DUI/DWI needs to contact an experienced lawyer who specializes in this area of the law. Having a criminal DUI/DWI record is a life changing experience. First-time offenders can face up to 10 days in jail with a year-long driver's license suspension, alongside hundreds of dollars in fines and the mandatory installation of an ignition interlock device. Please don't go it alone against experienced prosecutors; take advantage of our free initial consultation. As a former prosecutor, I understand how to analyze and scrutinize the details to provide the strongest defense for our clients." Unlike certain other attorneys, Gary Rohlwing notably represents all his clients in court himself.

Almost had my home seized by park management and Gary took care of that also, even though it was out of his scope of practice. No charge for the extra help. Would recommend him to anyone looking for an attorney for criminal charges and to get justice. Good communication, friendly, and no BS. Appreciate the honesty."
