

Delray Beach Addiction Center Receives New 5 Star Review

October 30, 2019

October 30, 2019 - PRESSADVANTAGE -

Legacy Healing Center - Alcohol & Drug Rehab Delray Beach serving Delray Beach Florida just received another fantastic review on Google from a former patient who was satisfied with their service. Wendell Hughes had this to say about the rehab facility: "This program is very beneficial. The staff was always there to help, 24/7. They are steadily making improvements to better serve their patients. I was the beneficiary of this amazing care. The administration is very down to earth and does an awesome job helping patients get through their drug and alcohol addiction. If you are in the Delray Beach area, I would go here."

Hughes left his thoughts on Google Reviews, along with a 5-star rating. This is another stellar review for the premier treatment center in Florida—a facility that helps clients remain focused on long term sobriety through continued care services like partial hospitalization, intensive outpatient programs, and aftercare planning.

This client-centered treatment provider in Delray Beach recognizes the key to true healing, and that is addressing the mental and emotional sources of substance abuse. Through its trauma-informed approach to care, Legacy Healing Center helps patients break the cycles of drug and alcohol abuse to facilitate long term recovery. Their specialty is evidence-based therapies and supplemental programs.

This is not the first time Legacy Healing Center received praise from its former clients. Earlier, another satisfied client named Ryan Burton left his thoughts on Google Review saying: "The admissions process was very smooth and easy. The staff really calm my nerves about attending an inpatient alcohol facility for my binge drinking. The facility is absolutely wonderful. You couldn't ask for a better medical staff., They really make you feel like you're at home while you're working on you and your addiction."

Located at 1690 S Congress Ave Suite 202 A, Delray Beach, FL 33445, Legacy Healing Center provides addiction treatment through one-on-one support programs tailored to a patient's specific goals and needs. The facility has behavioral health specialists and supporting staff members who work together to create a safe and healthy environment for people struggling with substance abuse problems.

Legacy Healing Center primarily offers residential treatment. They create a recovery-focused atmosphere for patients so that they are safe from exterior distractions, triggers, and temptations. The rehab facility always has a small population which allows for more direct attention from master-level clinicians and staff members. This means clients can always get the care they need, whether it's peer support through group therapy sessions or to manage their symptoms with medications.

Legacy Healing Center creates a sense of community that is focused on healing through shared experiences and positive connections.

Once treatment is finished, recovery doesn't end right there: aftercare planning is necessary to make sure that the patient can stay on the right track even when they are on their own. They will be taught various coping mechanisms that are healthier and more productive.

The facility also offers employment and educational support to further boost a client's prospects following their treatment and recovery. This should help them get back on their feet and get ready to face the sober life.

With medical professionals and addiction experts on board, Legacy Healing Center lets patients breakthrough personal and social barriers keeping them from maintaining their sobriety. It opens the door to new opportunities and a second chance to get things right.

Call Legacy Healing Center at 954) 420-7414 for more information about addiction treatment methods, insurance coverage, and aftercare.
