

Sheepskin Gifts Store Celebrates the Opening of Its New Website for Sheepskin Gifts for Her and Him

December 16, 2019

December 16, 2019 - PRESSADVANTAGE -

Sheepskin Gifts Store is pleased to announce the grand opening of its new website. Although they have a seasonal physical kiosk in the Meadowood Mall in Reno, Nevada, they felt the time was right to take the plunge and let customers outside the local area gain access to their wide selection of high-quality sheepskin gifts.

To celebrate the opening, they are running an online contest through Facebook. All someone has to do to try and win one of their sheepskin gifts is to visit the website and click on the "Enter to Win" link at the top of the page. This will take a visitor to the entry page and then all that has to be done is click on the "Enter to Win Now" button which will take them to a Facebook page to confirm their entry. Simply visiting their website and following the instructions to enter will put a visitor in the running to win a pair of CloudNine or RJS Sheepskin boots or slippers of their choice.

The company says that whichever is chosen by the winner, they will find them to be super soft and comfortable. They are also very warm and will keep feet toasty down to a bone-chilling -30 degrees.

A Sheepskin Gifts spokesperson said, "Sheepskin is a pure, organic product and naturally breathes which means it stays cool in summer and warm in winter. Sheepskin contains lanolin which is a natural moisturizer and is naturally antibacterial. Our sheepskin boots and shoes are meant to be worn barefooted and they will keep the wearer's feet warm even in really low temperatures. They have a nice snug fit and will mold to the wearer's feet within a couple of days."

2019 is the thirteenth year in a row that Sheepskin Gifts Store has opened its kiosk in Meadowood Mall in Reno, Nevada. Open seasonally during the months of November, December, and January, they have a selection of brand-new designs available for boots and slippers as well as the favorites that people have come to expect.

Stocking a comprehensive range of sheepskin boots and slippers for women is perhaps expected but what many customers do not expect is the comprehensive range of sheepskin gifts for him that are available. Men too can enjoy the comfort of a pair of sheepskin boots or slippers.

Boots and slippers, however, are not the only items available from Sheepskin Gifts. In addition, there is a selection of both trooper and snowball hats as well as headbands. For the car lover, there are steering wheel, seatbelt, and seat covers.

Leslie C., a longtime customer of the Sheepskin Gifts Store said, "I look forward every year to seeing the Sheepskin kiosk at the mall. I have been using the slippers for many years. They are so comfy and warm. I wear them all the time, so they wear out in about two years. I wish I could afford to get one of everything they have to offer. I hope they come back every year."

She is far from alone in looking forward to Sheepskin's seasonal opening at the Meadowood Mall. Many others expressed similar thoughts and feelings and take the opportunity to buy quality sheepskin gifts for friends and family during the three months that they are at the mall. There are many other testimonials on the website testifying to the quality of the gifts offered.

Now, with the opening of their new website, the sheepskin gifts that are offered will be available for purchase all year round. The varied selection and style of slippers, shoes, and boots available should meet just about anyone's needs as should the variety of other items offered.

For anyone looking for sheepskin gifts in Reno then heading to the Meadowood Mall is the way to go, the company says. The Sheepskin Gifts Store kiosk can be found in the central court of the Meadowood Mall just in front of Eddie Bauer and in the back of Starbucks.
