

11 Plus Tutors Ilford Introduces Specialist Tuition Class

December 12, 2019

December 12, 2019 - PRESSADVANTAGE -

The Eleven Plus Tutors in Ilford - 11plustutorsinessex.co.uk, one of the leading tuition centers in Essex and the surrounding areas, is pleased to introduce a new specialist tuition class. This class was created to fully maximise a child's potential, utilising all areas of study and revision.

The Eleven Plus, also known as 11+, is an exam that students take at the beginning of their last year in primary school. This is an important test that allows them to gain entrance to some of the most in-demand and exclusive grammar schools in England. As of this writing, there are only 164 grammar schools left in England. The 11+ exam is used to assess each student in up to four different subjects including non-verbal reasoning, verbal reasoning, English, and Mathematics.

As noted on the company's website, the tutors at 11 Plus Tutors in Ilford form a team of highly qualified and experienced teachers who specialize in providing personalized tutorial services to their students. "We believe in the importance of creating a private tuition program based on your child's unique requirements in order to fully maximize its effectiveness. When you contact us, a staff member will discuss each requirement so we can establish a preliminary one to one assessment of your child's academic position as well as auditing and analysing key focus areas in order to maximize learning potential," says James Goldsmith from 11 Plus Tutors in Ilford. He also points out the program places students at the forefront of their priorities, with each

area of study considered carefully and rigorously tested in order to achieve the high standards that their clients are expecting.

In addition, Goldsmith asserts that they are dedicated to covering all areas so they can utilize each child's potential to the fullest. They offer a wide range of intensive tutoring services, including 1-to-1 tuition classes, mock tests, creative writing lessons (which are now a core part of the 11+ exam), and exam preparation workshops to coach and prepare a child for all their important exams. Furthermore, he also highlights that their team of experienced tutors are equipped with the skills and knowledge to help kids prepare for various independent school entrance exams in Essex as well as SATS review and preparation.

At The 11 Plus Tutors in Ilford, we fully comply with the stringent educational standards set within the Essex area. In fact, all our teachers have been rigorously screened and fully DBS checked to ensure their competence," says Goldsmith.

The 11 Plus Tutors in Ilford is one of the leading educational service providers in Essex and the surrounding areas, based on a number of positive reviews and recommendations they receive online. In addition, they achieved a 96% success rate in 2019, and their students were able to enter some of the top selective independent schools in the area, including KEGS and Chelmsford County High School for Girls.

Furthermore, 11 Plus Ilford offers summer intensive programs where students can harness the power of creative writing and mock exam packages. Goldsmith explains that class sizes are kept to a minimum, and subjects include creative writing and a 5-day intensive course where they ensure that kids are best placed to pass their Essex 11+ exam. The summer intensive program can be purchased through the company's online shop.

Sarah Toward, in a glowing review, says, "James tutored my son for approximately seven months leading up to the 11+ exam. He instilled confidence and encouraged my son to challenge himself, moving beyond his comfort zone. He gave advice as to what support materials to practice, and even how much time to spend on certain activities. Getting through the 11+ is not easy for the parent or child, but we made it with James's guidance, perseverance, and expertise. He enabled my son to get a fantastic result and to go to the grammar school we were hoping for."

Meanwhile, Jessica White says in another 5-star review, "I found The Eleven Plus Tutors in Essex website and thought that I would give them a call. I found them to be extremely knowledgeable and happy to talk."

Complete details can be found on the company's website. Alternatively, parents can send an email or call

the company's service hotline to inquire about their wide range of tutor programs. Interested parties may connect with The 11 Plus Tutors in Ilford through their official social media pages to stay up to date with their latest news and important announcements.
