

Lincoln Roofing Contractor Recommends A Review Of Home Improvement Plans For 2020

December 16, 2019

Highlands, Nebraska - December 16, 2019 - PRESSADVANTAGE -

Home Solutions Of Nebraska, a roofing contractor based out of Lincoln, Nebraska, is recommending homeowners review their home improvement plans for 2020. The company prides itself on being Nebraska's premier exterior remodeling company, and has been serving Lincoln and the surrounding communities for over 15 years.

Justin Brandt, owner of Home Solutions of Nebraska, says, "With the current decade reaching its end and 2020 coming in, this is the perfect time for you to take a thorough look at the state of your house and come up with solid home improvement plans. If you already know what home improvement projects you want to do, this is the right time for you to review them, and map out a budget. At Home Solutions of Nebraska, we provide full-service home solutions, including consultations for you to discuss home improvement projects and determine the budget needed for the work that is needed on your home."

"Whatever work you need done on your house, we can assure you that we can do it all," says Brandt, who has over 26 years of experience with exterior renovation projects. "Before you actually start on any work, we can guide you to ensure that you can make the best decisions for your home."

Brandt continues, "We understand that everyone's dream house differs. Your vision for the perfect house may not be the same as my vision, but that does not stop us from being able to help you achieve your vision. Home Solutions of Nebraska offers a wide variety of products and styles to fit every budget, which allows us to provide a wide variety of solutions depending on the needs of our clients. If there are any changes or improvements you want to make to your home for 2020, this is the right time to reach out to us and get started."

Home Solutions of Nebraska provides a variety of home improvement related services. The company does installations, replacements and repairs of roofing, siding, gutters, doors and windows. The company also holds an A+ rating from the Better Business Bureau and prides itself on providing great customer experiences, superior products and quality services at a competitive price.

"I started this company in 2003 as a lone Lincoln Roofer," says Brandt. "I sold, installed and did everything else on my own. Today, Home Solutions of Nebraska is a respected company that has nearly 20 employees, a state of the art office, and all of our services are done in-house, this lets us ensure that our strict standards of quality are upheld. You can ask any one of our previous clients about the quality of our work, and if you visit our website, you can see examples from the many projects we've done. Our work speaks for itself."

The company has a long record of excellent work, which has earned them many positive reviews from happy clients. On Google, Home Solutions of Nebraska has a near perfect rating of 4.7 out of 5 stars from nearly 50 reviews. In their review, D Wilcox says, "It has been 2 years since Home Solutions of Nebraska installed a new roof, gutters and guards on our home. Their communication through bidding to job completion was flawless, and unlike many contractors, they were responsive and prompt in addressing minor issues after the job's completion. 2 years later and the craftsmanship is holding as expected, and the performance of their gutter guards are exceeding expectations! It's hard to find reputable professional contractors who stand behind their work, but based on our experience, I'd have no problem recommending Home Solutions."

In another review, Jackie Jones shares her experience with the company, saying "When I think of reliability and integrity, I think of Home Solutions of Nebraska. They did the siding on my house as well as gutters, downspouts and window wraps. I am a very picky person when it comes to my house and all I can say is WOW. My house turned out fantastic. Any questions or concerns I had were immediately addressed by Justin, and always in a positive and professional manner. I highly recommend Home Solutions of Nebraska for all your exterior needs. Justin, Erin and all the employees of Home solutions are the best."

Those who want to learn more about Home Solutions of Nebraska and the various services they provide can
