Vancouver, BC based Made by Humans 2 Designs, Inc. recently launched a series of balloon art inspired piggy banks that have since turned into an incredibly popular gift item, especially at baby showers. The piggy banks are designed to be incredibly unique, much like Made by Humans 2 Designs' other products, and are as much a thoughtful, quirky gift as a form of self-expression.

Inspired by clowns, the piggy banks are meant to invoke the same sense of wonder one might have experienced as a child when handed a balloon animal. The piggy bank takes the well-known concept of a quirky little cash box and adds a modern, artistic twist to it by making piggy banks in the form of balloon art. The banks come in not only the classic pig shape but also a variety of other animals, including dogs, elephants, giraffes and much more. They are made from a shiny ceramic material that makes them look almost exactly like real balloon animals.
