Award-Winning Dog Walking/Pet Sitting Company Offers Transparency, Flexible Service Options to Brookline Pet Owners

Boston, Massachusetts - Paws To Consider, a Boston area pet sitting and dog walking company, today announced the expansion of its service area to Brookline.

The award-winning dog walking and pet sitting company was founded in 2002 to provide complete transparency and a modern approach to dog owners who need walking services. Paws To Consider uses innovative app technology to deliver real-time updates to clients as the scheduled walk is taking place. These include a map of the walk route, photos captured during the visit, and details about the walker's interaction with their pet and the dog's encounters with other dogs and surroundings during the visit.

Paws To Consider already serves clients in West Roxbury, Jamaica Plain, Hyde Park, and Allston.

Expanding service to Brookline pet owners made sense for owner, Joel Israel, as the neighborhood's many area dog parks and pet shops attract local dog owners.

"We look forward to expanding our reliable and caring dog walking and pet care services to Brookline clients," Israel said. "We pride ourselves on giving pet owners peace of mind when they can't be there to walk and feed their dog themselves. Our team delivers prompt communication and detailed notes about each visit so owners can relax knowing their family member is safe and cared for."

The company offers dog owners flexible and affordable walking service options, giving them a choice of a 15-minute, 30-minute, or one-hour long walk. Paws To Consider also offers cat care and pet sitting services and is available to care for pets seven days a week.

The company is fully insured and bonded, and is a proud member of the National Association of Professional Pet Sitters (NAPPS). Each professional dog walker employed by Paws To Consider has been carefully vetted and must pass background checks to join the team. They are also trained to handle all types of dog personalities and interaction situations. A free meet and greet consultation allows walkers the opportunity to meet a new client's dog and get a sense of their individual behavior, personality, and needs.
