Rosenow Customs Named Appleton's Best Roofing Contractor by Community Votes 2024

July 09, 2024

NEENAH, WI - July 09, 2024 -
Rosenow Customs has been recognized as the best roofing contractor in Appleton, Wisconsin, by Community Votes in 2024. This honor reflects the company's commitment to offering top-notch exterior remodeling and home improvement services in Northeast Wisconsin, including Green Bay and the Fox Valley.

With over 20 years in the industry, Rosenow Customs provides a range of roofing services, including asphalt roofing, DECRA stone-coated metal roofing, and Tesla solar roofing. Their extensive experience ensures every project is carried out with great attention to detail, addressing different customer needs and preferences.

Shane Rosenow, CEO of Rosenow Customs, voiced his appreciation for the award, saying, "We are honored to be named the best roofing contractor by Community Votes. This award is a testament to the hard work and dedication of our team, who strive to deliver exceptional service and quality to our customers every day."

Beyond roofing, Rosenow Customs also offers window replacement services, featuring top products from

leading brands Wincore and Pella. These window upgrades not only improve the look of a home but also boost energy efficiency and overall value. The company also provides professional siding installation services, ensuring homes and businesses look their best.

Rosenow Customs is known for its high-quality work, but they also focus on customer satisfaction. Many positive reviews praise their professionalism and great customer service. To make their services more accessible, they offer flexible financing options, helping more customers take advantage of their expertise.

One of the reasons behind Rosenow Customs' strong reputation is their commitment to keeping up with industry trends. This is evident in their adoption of Tesla solar roofing, which combines the benefits of a regular roof with the ability to generate solar power.

The recognition from Community Votes aligns with a detailed guide on roof replacement costs published by Fireball News. This guide, written by journalist Jonathan Pierce, provides homeowners with a detailed look at the expenses involved in replacing a roof. It states that the average cost to replace a roof in 2024 ranges from $15,159 to $27,580, with most homeowners paying around $21,054. These costs vary based on factors like roof size and complexity, materials used, local labor costs, and needed structural repairs.

The Fireball News article also covers different roofing materials, such as asphalt shingles, metal roofing, tile roofing, wood shakes and shingles, synthetic slate, EPDM (rubber) roofing, and TPO roofing. It includes each material's cost range and a brief description of its features. Additionally, the article explains factors affecting roof replacement costs, labor expenses, and common signs indicating the need for a new roof.

Shane Rosenow added, "Understanding the costs and factors involved in roof replacement helps our clients make informed decisions. We aim to provide not just exceptional service, but also valuable information that empowers our customers."

Rosenow Customs' dedication to quality, customer satisfaction, and industry knowledge has cemented their place as a top exterior remodeling and home improvement contractor in Northeast Wisconsin. Being recognized as the best roofing contractor in Appleton by Community Votes further highlights their excellence in the field.
