TantrumSprayTans.com is now available to pamper clients in Jupiter, FL with their exclusive Mobile Spray Tan service. The company specializes in helping its customers achieve an Ultra Violet free, natural looking tan without the worry of harmful side effects.

Gone are the days of abusing your skin with tanning beds, self applied tanners or laying under the sun's damaging rays for hours. Tanning beds and the sun's UV rays have been clinically proven to increase your risk of skin cancer and most of the applied self tanners left orange residue, streaks and even odors that made the results less than appealing. The demand for that perfect sunless tan without any harmful side effects can now be attained by health conscious individuals, body builders, fitness folks, models, dance & cheerleading squads, brides, and grooms etc.

TantrumSprayTans.com is the answer for those who desire a safe, fast and even tan without damaging and/or aging your skin. "Our clients are health conscious. They want to look and feel their best without harmful UV rays, aging their skin or any of the negative side effects associated with traditional sun bathing and harsh tanning bed," says Owner Melinda Dixon.

According to the website, Tantrum's Mobile Spray Tans are completed by professionally trained and certified technicians to ensure a safe tanning experience. The technicians apply a safe and natural solution that leaves no tan lines, no orange coloring, no sticky residue and no odors. Clients return regularly because they love the natural looking results and the professionalism of the staff.

"Our customers are always amazed at how great & natural they look. They love the fact that our solutions are NATURAL and free from harmful chemicals. Our clients get that perfect tan without any of the hassles of driving to a salon or spending hours sunbathing on the beach. We go directly to our clients location and get them looking like they just spent a week in the tropics in about 20 minutes," says Dixon.

"We are often called in a few days prior to important social or professional events to help our clients attain

that natural, beautiful tanned look. Our Mobile Spray Tan Service was created for health conscious individuals that choose to spray tan in the privacy of their home. We go straight to our clients homes and offices, apply our proprietary solution based on their particular skin type and desired color. We achieve beautiful, natural, safe results" says Melinda Dixon Owner of TantrumSprayTans.com.
