

K&B Cabinets Unveils New Elegant Series Featuring Sophisticated Wood Grain Finishes

July 31, 2024

NORCROSS, GA - July 31, 2024 -

K&B Cabinets Wholesale Center, a Georgia-based company known for its kitchen and bath products, has introduced the Elegant Series cabinets featuring sophisticated wood grain finishes. This new collection adds to the company's extensive inventory, which spans over 40,000 square feet. The announcement shows K&B Cabinets' dedication to blending style and practicality for homeowners and trade professionals.

The Elegant Series cabinets are made with high-quality hardwood plywood, ensuring both durability and good looks. They come in various eye-catching finishes, including EWBL ? Black Wood, EWNS ? Nogal Slow, EWRE ? Roble Eternity, EWWN ? Walnut, EWSB ? Sunday Brunch, and EWOK ? Oak. These cabinets use A-grade veneer-core plywood, which has alternating layers for added strength and better screw-holding ability. This design makes the cabinets strong and resistant to warping and moisture damage.

K&B Cabinets is expanding to better serve the Atlanta area, including key counties like Fulton, DeKalb, Cobb, Gwinnett, and Clayton. This move aims to make it easier for customers in these regions to access

K&B's high-quality cabinets at fair prices. The Norcross-based center has a vast inventory of over 400 different items in each cabinet line, ensuring a wide range of options.

"With the introduction of the Elegant Series cabinets, we aim to enhance our offerings and meet the growing demand for high-quality cabinetry in Georgia," said a representative from K&B Cabinets. "Our goal is to provide durable solutions that combine beauty and strength, so both homeowners and trade professionals can achieve their desired kitchen and bath designs."

EuroCrafts Cabinetry Georgia is known for its quick turnaround times, with lead times of about 4-5 weeks for the new Elegant Series wood grain cabinets. The customizable size options and hardware upgrades, such as full-extension soft-close drawers and concealed soft-closing hinges, suit various kitchen layouts. These premium features ensure smooth and quiet cabinet operation.

K&B Cabinets places a strong focus on the quality of materials used. The lumber is carefully chosen to ensure top-grade plywood cabinets, enhancing the durability and appearance of their products. The cabinetry also features dovetail construction, which uses interlocking panels for extra durability, and flush fit frames that add a refined look to the interior.

"Our team works hard to bring our clients the best in cabinetry, and we are confident the Elegant Series will be a valuable addition to our product lineup," said another representative from K&B Cabinets. "Crafted with precision and finished to perfection, these cabinets are built to last and designed to impress."

K&B Cabinets also has a robust dealer program, inviting businesses to showcase the company's products in their showrooms nationwide. This program is part of a larger effort to maintain a strong market presence by partnering with dealers who share the company's commitment to quality and customer satisfaction.

For those interested in the Elegant Series wood grain cabinets, more information is available on the EuroCrafts Cabinetry website. The site also has resources like blogs on choosing the best bathroom cabinets and tips on buying affordable kitchen cabinets. These resources help customers make informed decisions.

The company remains committed to quality, punctuality, and fair pricing as it continues to grow. Whether through direct factory products, extensive inventory, or exclusive dealer programs, K&B Cabinets ensures it meets the diverse needs of its clients. The expansion into the Atlanta area underscores their commitment to excellence and customer satisfaction. More details about their extensive product offerings and the dealer program can be found on their company website.
