

Deer Valley, Utah Carpet Cleaning Specialists Complete Yet Another Successful Job

January 30, 2020

January 30, 2020 - PRESSADVANTAGE -

Centerville, Utah based Mr. Chem-Dry, is celebrating the completion of yet another successful carpet cleaning job in the Deer Valley area.

Mr. Chem-Dry is one of the few cleaning companies with an untainted reputation in Centerville, as they are known within the area for offering excellent cleaning services that are complemented by an outstanding attention to detail as well as an ever-lasting willingness to work to their client's satisfaction. These are all traits that the company showcased in their latest carpet cleaning job when they responded to a call for assistance from the owner of a reputable hotel in the Deer Valley area.

"A couple of days ago, we visited a new customer in the Deer Valley area for routine carpet cleaning. They are a very high end hotel, and the owners have similarly high standards for their cleaning requirements. They called us in to see if we could help them out once they decided they were not satisfied with their previous contractor," says Daryl Olsen, a representative of Mr. Chem-Dry. "The hotel had been working for several years with another carpet cleaning company from the area, even though they clearly were not doing a good job. By the time they reached out to us, there were a lot of spots and stains in both the furniture and carpet,

which had clear signs of mishandling and chemical damage."

Olsen states that the company had been called out to the client's site as a last ditch effort to bring the place back to form before replacing the damaged items. While this was no easy task, Olsen states that his team was up to the challenge, and they were not willing to disappoint their client. He says, "We had to make use of several cleaning methods to remove stains that had persisted for years and, to our client's pleasant surprise, we succeeded. We removed all signs of the previously present stains, which did not come back as tended to happen with the previous cleaners. Our clients were very happy about this, and we are very proud to say that we have become their go-to Deer Valley Utah carpet cleaning service since then."

The distinguished reputation held by Mr. Chem-Dry is possible due to both their extensive experience and the equipment they employ. The company's cleaning team is composed of professionals who boast several years of expertise in the industry. When complemented by high-end equipment, the company's outstanding staff can guarantee any given client's satisfaction following a successful cleaning session, even without the use of strong chemicals that could be harmful to the youngest members of the household, pets or elderly persons.

Mr. Chem-Dry offers different types of cleaning services, providing residents of Centerville and its surrounding areas with a one-stop solution to all of their cleaning needs. Carpet and upholstery cleaning are two of their most popular services, though the company states that the rest of their services (including Tile, Rug and Water Damage cleanup), are similarly excellent in terms of quality. These services are available on a flexible schedule, as the company reassures the community that locating a fitting solution to their needs is of the utmost importance to them.

The local company also possesses several success stories and testimonials from satisfied customers that attest to the excellence of their services. On the Google platform, for instance, a review says, "I was able to get an appointment at short notice, the gentleman was punctual and finished much faster than anticipated. We've lived in our rental for a year and a half now and, while the carpets were 'cleaned' just before we moved in, they were never truly clean. He was able to easily get out the spots from the previous renters that I had given up hope of ever removing. The carpet dried quickly, and I couldn't have been happier with the experience."

The company's website includes more information on Mr. Chem-Dry's cleaning services and the different methods employed by the company. Interested parties may also reach out to Daryl Olsen to follow up on any inquiries or request an estimate for any of the company's services.
