

Emerald Coast GRANITE & TILE

Pensacola Cabinet Company is Now Offering WeatherStrong Cabinets

January 28, 2020

January 28, 2020 - PRESSADVANTAGE -

Pensacola, Fla. - Emerald Coast Granite & Tile, a tile flooring company in Pensacola, FL, is excited to announce their new WeatherStrong product line for high-quality cabinets. This new product line is evidence of the growth and prosperity Emerald Coast Granite & Tile experienced in 2019.

Proudly American-made, WeatherStrong's cabinets are well known in the interior design industry for being reliable, durable, and attractive to a variety of buyers. Since Weather Strong is not well known to many personal buyers, Emerald Coast decided to answer some frequently asked questions about their newest product line.

According to Emerald Coast, WeatherStrong cabinets are built primarily for outdoor use alongside outdoor kitchens and grills and are manufactured with a Marine Grade waterproof board. Because WeatherStrong cabinets are used primarily outdoors, they are built to withstand many years of rain, snow, sun, and wind. These high-quality cabinets live up to their namesake.

The countertop company in Pensacola, FL, hopes that these new cabinets will help their clients achieve their

outdoor or indoor kitchens? dreams. Emerald Coast prides themselves on staying up to date with the newest products that improve the design and durability of their customer's homes, and they believe WeatherStrong cabinets will do just that.

Emerald Coast Granite & Tile offers thousands of unique products, states the Pensacola flooring company. available from custom countertops to stacked stone to glass shower enclosures and any other surface in between.
