Sellersburg, Indiana - September 13, 2024 - PRESSADVANTAGE -
The Sunday School Store has launched a new curriculum for children's ministry called the "Animal Kingdom: 4-Week Children's Ministry Curriculum." This series aims to teach kids about God by highlighting His creativity and wisdom through animals. It is designed for children aged 6-12, providing engaging Bible lessons that show God's influence in nature.

The Animal Kingdom Curriculum consists of four weekly lessons, each focusing on a different part of God's creation. Week 1 is titled "God's Connected Creation," emphasizing how all living things are linked. Week 2, called "God's Amazing Animals," explores the variety and complexity of creatures. Week 3, "God's Tiny Teachers," focuses on small animals that offer big lessons. Finally, Week 4, "God's Animal Agents," looks at animals' roles in God's plan. These lessons are crafted to keep kids interested and to help them understand theological ideas through interactive activities.

Tony Kummer, the founder of The Sunday School Store and a significant figure in religious education,

praised the new curriculum. He shared his thoughts, saying, "Kids love animals, and the Bible has some amazing lessons we can learn from them about God's power and wisdom. It's a fun and meaningful way to bring scriptures to life."

The curriculum is packed with resources to make teaching easier and more effective. Each lesson comes with a main idea, a Bible story, additional scriptures, and a gospel connection. To keep things interactive, the lessons also include discussion questions, prayers, printable word search worksheets, Bible story coloring pages, and craft activities. This makes the curriculum both thorough and engaging.

The Sunday School Store is well-known for its wide range of educational materials for children's ministry, helping teachers deliver effective Bible lessons. The new Animal Kingdom Curriculum adds to their extensive list of resources, which includes the 52-Week Curriculum and various seasonal programs like the Easter Curriculum. The company also offers free downloadable resources, print-and-teach Bible lessons, and specific bundles tailored for different age groups and themes.

In his role as a leader in children's Bible study, Author Tony Kummer continued to highlight the importance of engaging educational content. He stated, "Incorporating animals into Bible lessons not only keeps kids interested but also helps them see the broader picture of God's creation. It's a wonderful way to teach biblical concepts in an accessible manner."

The Animal Kingdom Curriculum can be instantly downloaded in a print-friendly PDF format, making it convenient for teachers and ministry leaders to access and use. The Sunday School Store frequently introduces new materials and updates to keep their offerings fresh and relevant. This latest curriculum not only aims to educate but also inspire a deeper appreciation for God's creation among young children.

Besides the new curriculum, The Sunday School Store will continue to provide other important resources. Their Gospel Jesus Curriculum remains a cornerstone of their offerings, focusing on the teachings and life of Jesus. Additionally, their ability to cater to a global audience with region-specific services, including adjusted prices in local currencies, extends their reach and impact.

The launch of the Animal Kingdom Curriculum highlights The Sunday School Store's ongoing commitment to providing high-quality, engaging religious education for children. Each new release reinforces the organization's mission to make Bible learning both fun and meaningful for young minds.
