

Van Isle Glass Announces New Glass Repair & Replacement Services

March 07, 2020

March 07, 2020 - PRESSADVANTAGE -

Clients in Victoria and Langford can contact Van Isle Glass about Marine and Residential Glass Services.

Victoria, BC: Van Isle Glass is proud to serve its clients with brand new services focused on marine and residential glass replacement and repair. These services are being offered to all current and new clients in Victoria, Langford, and the surrounding areas of View Royal, Langford, Metchosin, Esquimalt, and Sooke.

Van Isle's new Marine glass service includes both repair and replacement for any glass windows or fixtures on boats and other marine craft. They now offer custom glasswork using both tempered and laminated glass windows for boat windshields and side windows.

Businesses with large commercial boats or individuals with hobby boats can contact Van Isle for more information about the new marine glass services.

New features and benefits of this new marine glass service include the following: Mobile glass service where Van Isle Glass technicians visit a customer's home or dock to repair or replace glass. They also focus on

quality materials to ensure longer-lasting boat windshields and windows.

Van Isle Glass also announced that it is expanding its residential glass services. In addition to the usual glass windows and sliding glass doors, homeowners in the service area can now contact Van Isle about RV glass, thermal glass, and mirrors.

Clients with unusual or complicated glass features in their home can also contact Van Isle to see if they can help.

Van Isle's new marine and residential glass services are available effective immediately, with pricing that will depend on the scale of the project. More information on their marine glass or residential glass services can be found on the website.

About Van Isle Glass

Van Isle Glass is a full-service glass repair and replacement business in downtown Langford, BC. They have been serving drivers, homes, and businesses in and around Victoria, BC since 1998. As part of a dedication to providing better customer service, Van Isle offers a number of programs to benefit their valued customers.

Firstly, they offer same-day service for most situations (some conditions apply). Secondly, customers within a 30 km radius can take advantage of Van Isle's mobile repair and replacement service. Technicians will travel to the site of anyone's vehicle, boat, home, or business. Lastly, for people who need glass replaced that has an unconventional shape or type of glass, Van Isle can provide a custom-made replacement.
